Validation

We have completed a common rubric and critique assessment. A capstone Art Seminar/Portfolio Review course will also help to assess this course. In addition, researched statewide art department standards are used as a benchmarking tool and were used to develop the studio rubric.

Results

We are upgrading the studio courses department wide, and the Art department will continue to use state-wide cohort college common levels of standard by which instructors can critique the levels of accomplishment in the studio work.

Follow-up

We are working on “closing the loop” by designing a sample syllabus, interdisciplinary projects, and a pre- and post- assessment.

Budget Justification

Professional development funds for full time faculty and stipends for adjuncts to attend department meetings and norming sessions.

Certainly studio supplies are a regular expense. As we continue to have growing numbers and demand for our classes, the college needs to consider adding full-time faculty in the visual arts. There is no reason why HCC should not have less than a superior art department in the state of Maryland and in the surrounding areas.
