Course Outcomes Guide
Fall 2012

Course/Program Title: **MAP 108 Medical Record Analysis & Coding**

Date: 4/8/13

Course/Program Team: **Melanie Rowland, Dana Shetler**

Expected Learning Outcomes:

1. Utilize current ICD, CPT and HCPCS code books to accurately convert physician practice medical record source document information into codes for purposes of billing and reimbursement.
2. Utilize knowledge of concepts of medical necessity, correct coding initiative guidelines, and documentation requirements to develop accurate and appropriate coding for various clinical situations.
3. Apply knowledge of CMS reimbursement methodologies and documentation regulations to develop accurate and appropriate coding for various clinical situations.
4.

Assessment

Final Exam

Validation

Completion of course with an average grade of 75% or higher.

Results

88% (14/16 students) completed the course with a grade of 75% or higher, with 1 earned "D", and with 1 walk away "F".

Follow-up

Continue to have faculty encourage students to officially withdraw from classes instead of walking away with a failing grade.
