

Course (or Program) Outcome Guides

Directions: Please complete this form to document your progress toward improving student learning. For each item, indicate your progress and your anticipated next steps. Thank you!

Course/Program Title: RAD 213, Patient Care for Advanced Imagers

Course/Program Team: Lori Olden

Expected Learning Outcomes for RAD 213:

1. Demonstrates knowledge and understanding of the principles and practices of patient care, radiography and the medical profession.
2. Performs basic patient care procedures

Assessment (How do or will students demonstrate achievement of each outcome?)

- Unit Exams
- Writing assignments
- Patient care activities

Validation (What methods have you used or will you use to validate your assessment?)

- Completion of course with an average grade of 75% or higher.
- Satisfactory completion of all patient care activities.

Results (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

- This course is a new course. Spring 2012 is the first this course has been offered and the course will be assessed at the end of Spring 2012 semester

Follow-up (How have you used or how will you use the data to improve student learning?)

- Data obtained from the course will be used to assess and/or improve student learning.

Budget Justification

(What resources are necessary to improve student learning?)

There are currently no resources needed.
