

## Course Outcomes Assessment

**Course Title: EMS 220 EMS Operations**

**Date: Fall 2013**

**Program Team: Chris Amos**

**Expected Learning Outcomes:**

- Describe the duties and responsibilities of the Paramedic when functioning in a variety of operational situations.
- Fulfill the roles of the paramedic while safely operating in and around various emergency scenes, in emergency apparatus, and special events.

**Assessment** (How do or will students demonstrate achievement of each outcome?)

In-Class Quizzes (2)	= 40%
Exams: Midterm and Final	= 50%
Attendance, Skills Exams, Participation	= 10%

**Validation** (What methods have you used or will you use to validate your assessment?)

Students must pass each course with a 70% or greater, receive satisfactory marks in laboratory/clinical skills and affective domain in order to continue with program.

**Results** (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

6/6 students obtained a 70% in the course.

**Follow-up** (How have you used or how will you use the data to improve student learning?)

Evaluation of exam scores and NREMT certification results will be used to evaluate outcomes success and the need for additional resources.

3/6 Passed the NR Practical Exam

3/6 Passed the NR Cognitive Exam

3/6 students are still in the process of taking the NR Exams

**Budget Justification** (What resources are necessary to improve student learning?)

Need MCI kit and Triage Mat with vehicles.
