Course Name/Section Number

Program Name: Commercial Vehicle Training	Objectives	TRK 109 Fundamentals of Vehicle Transportation	TRK 110 Introduction to Commercial Veh. Trans.	TRK 115 Commercial Vehicle Trans. Driving	TRK 130 Production and Operations Management	TRK 210 Transportation Management
Outcome #1	Think critically	☑	☑	☑	☑	☑
Outcome #2	Communicate effectively with both verbal and written forms	☐	☐	☐	☐	☑
Outcome #3	Perform and share cooperatively in team projects	☐	☐	☐	☐	☐
Outcome #4	Review and practice computer etiquette and ethics found in working environments	☐	☐	☐	☐	☐
Outcome #5	Analyze a software development problem and design a software solution.	☐	☐	☐	☐	☐
Outcome #6	Implement a software design specification in an appropriate programming language development environment.	☐	☐	☐	☐	☐
Outcome #7	Incorporate appropriate user interface design principles into software design specifications.	☐	☐	☐	☐	☐
Outcome #8	Design and apply relevant software testing procedures to evaluate the design specification compliance.	☐	☐	☐	☐	☐
Outcome #9	Independently acquire new computing related skills (e.g. new computing environment, new programming language).	☐	☐	☐	☐	☐
Outcome #10	Integrate hardware and software into an environment or solution to a particular problem or situation.	☐	☐	☐	☐	☐
