

## Course Outcomes Guide

**Directions:** Please complete this form to document your progress toward improving student learning. For each item, indicate your progress and your anticipated next steps. Thank you!

**Course/Program Title:** ACC-202 – Intermediate Accounting II

**Date:** Spring 2013

**Course/Program Team:** David Karn, Stacey McGee, Jim Pierne, Lori Spessard, Loretta Thornhill

### **Expected Learning Outcomes:**

1. Understand how to account for current and long-term liabilities
2. Properly account for investments in marketable debt and equity securities
3. Properly account for transactions involving the stockholders' equity section of the balance sheet
4. Analyze and perform complex accounting transactions involving net assets, income taxes, postemployment benefits, and leases
5. Properly account for accounting changes and correct errors
6. Analyze transactions from a cash flow perspective and trace them to the statement of cash flows

**Assessment** (How do or will students demonstrate achievement of each outcome?)

Common test questions in all sections

**Validation** (What methods have you used or will you use to validate your assessment?)

The test questions are taken from the publisher's test bank. It is assumed that the publisher validates these questions and tests them for reliability.

Other course materials are also provided by the publisher of the textbook. This ensures that the course content is delivered and assessed in a consistent manner.

**Results** (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

**Follow-up** (How have you used or how will you use the data to improve student learning?)

Currently exploring different online platforms in an effort to ensure consistency across accounting curriculum.

**Budget Justification** (What resources are necessary to improve student learning?)
