

Course Outcomes Guide

Directions: Please complete this form to document your progress toward improving student learning. For each item, indicate your progress and your anticipated next steps. Thank you!

Course/Program Title: Supplemental Clinical Education **Date:** FY '14

Course/Program Team: Michelle McDaniel, Megan Pepple & Karla Cunningham

Expected Learning Outcomes:

The student will:

1. Demonstrate competency (85% or higher) in the performance areas and procedures specified in the educational plan.
2. Perform patient care, radiation safety and protection, equipment operation, standard precautions and communication appropriate (75% or higher) to the student's level of clinical experience.
3. Complete all goals of the educational plan at a performance level (75% or higher) acceptable for the student's level of clinical experience.

Assessment: (How do or will students demonstrate achievement of each outcome? Please attach a copy of your assessment electronically.)

Validation: (What methods have you used or will you use to validate your assessment?)

Results: (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

Number of students assessed

Follow-up: (How have you used or how will you use the data to improve student learning?)

Budget Justification: (What resources are necessary to improve student learning?)
