Follow-up: Students did not meet outcome 4 in the category of assessing patient's needs in preparing the patient for the dental exam by the dentist. More time will be spent on the task of mock patients and patient care in the dental clinic. More homework and in class critical thinking exercises to help the students grasp the concepts talked about during class.

Budget Justification:

To improve student learning Moodle will be utilized for exams and forums. This will allow for more contact teaching hours and increase time on task.
