

<p style="text-align: center;"><b>Course (or Program) Outcome Guides</b> <b>Summer 2014</b></p>
---

**Directions:** Please complete this form to document your progress toward improving student learning. For each item, indicate your progress and your anticipated next steps. Thank you!

**Course/Program Title:** RAD 101, Radiography I

**Course/Program Team:** Lori Olden

**Expected Learning Outcomes for RAD 101:**

1. Demonstrates knowledge and understanding of the principles and practices of patient care, radiography and the medical profession.
2. Demonstrates competent operation of a mobile and stationary x-ray unit.
3. Performs basic patient care procedures.

**Assessment** (How do or will students demonstrate achievement of each outcome?)

- Unit Exams
- Lab activities
- Worksheets
- Patient care activities
- Discussion board

**Validation** (What methods have you used or will you use to validate your assessment?)

- Completion of course with an average grade of 75% or higher.
- Satisfactory completion (75% or higher) of all lab and patient care activities.

**Results** (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

- 100% (33/33 students) scored 75% or higher
- 100% (33/33 students) successfully completed all lab and patient care activities

**Follow-up** (How have you used or how will you use the data to improve student learning?)

- Plan to include online learning activities and investigate online textbooks for course. I will continue using the discussion board as this seemed to be beneficial for the course also.

**Budget Justification**

(What resources are necessary to improve student learning?)

Faculty time needed to develop online learning activities.
