

## Course Outcomes Guide

**Directions:** Please complete this form to document your progress toward improving student learning. For each item, indicate your progress and your anticipated next steps. Thank you!

**Course/Program Title:** Supplemental Clinical Education      **Date:** Spring 2015

**Course/Program Team:** Megan Pepple

### Expected Learning Outcomes:

The student will:

1. Demonstrate competency (85% or higher) in the performance areas and procedures specified in the educational plan.
2. Perform patient care, radiation safety and protection, equipment operation, standard precautions and communication appropriate (75% or higher) to the student's level of clinical experience.
3. Complete all goals of the educational plan at a performance level (75% or higher) acceptable for the student's level of clinical experience.

**Assessment:** (How do or will students demonstrate achievement of each outcome? Please attach a copy of your assessment electronically.)

**Validation:** (What methods have you used or will you use to validate your assessment?)

- Competencies
- Weekly evaluations

**Results:** (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

**Number of students assessed**      **1**

**100% (1/1 students) completed course with 75% or better.**

**100% (1/1 students) completed required competencies with 75% or better.**

**100% (1/1 students) received an 85% or better on all competencies.**

**Follow-up:** (How have you used or how will you use the data to improve student learning?)

**Budget Justification:** (What resources are necessary to improve student learning?)

None needed
