

## Course Outcomes Guide

**Directions:** Please complete this form to document your progress toward improving student learning. For each item, indicate your progress and your anticipated next steps. Thank you!

**Program Title:** NUR 116/117

**Date:** 5/4/2016

**Program Team:** Nursing

**Expected Learning Outcomes:** See Course Syllabus

**Assessment:** See Course Syllabus

**Validation:** See Course Syllabus

### Results:

Forty -four students began the course.

Seven students withdrew mid-semester for a variety of personal and academic issues. One student failed clinically for safety, and another failed for missing greater than 20% of clinical. These students did not take the ATI Fundamentals competency.

Six students failed to achieve a 75% on the exam average, therefore failing the course. Five of these students received a Level 1 on the ATI Competency exam, and one received below Level 1. Of the remaining students, one received a Level 3, eleven received a level 2, and 16 received a level 1.

There were no students in the skills competency.

There were no students unsuccessful in the course due to attendance issues.

Twenty-nine students (65.9 % of those starting NUR 116/117) successfully completed the Foundations of Nursing course. This is a decrease from Fall, 2015.

31.42% percent achieved at Level 2 or above on the ATI Fundamentals Comprehensive Exam. This is a 19% decrease from Fall 2015. 62.8% percent scored a Level 1 and 1 student scored below a Level 1. This is 18% increase form Fall 2015 results for the Level 1 results. The number of students that scored below Level 1 decreased from 2 students to 1 student.

82.85% of the students who took the Dosage and Calculation Math Competency test passed on the first attempt. This was a slight increase from those who passed on the first attempt

**in the Fall of 2015. All students (100%) passed on the second attempt after advisement and remediation.**

**Follow-up:**

**Faculty, and Student Support Specialist will continue to attend the advisement and orientation days to introduce resources available to students for success.**

**BSN cohort students (and others) will continue to use Carson Dorsey, and the resources in the satellite lab.**

**Faculty will continue to invite and encourage students who do not meet the 75% exam benchmark for counsel, advisement, and development of remediation plan for success.**

**Faculty and student advisors (Christa Rice and Courtney Hart) will continue to meet and guide students throughout the semester.**

**ATI resources will continue to be a required component of the course.**

**ATI resources will continue to be incorporated in remediation plans for at-risk students.**

**Students who achieved a Level 1 or below, on the ATI Fundamental Competency Exam, met with Michele Blash for directions regarding remediation.**

**Faculty will continue review course content and make adjustments as needed.**
