Course/Program Title: ACC-210 Managerial Accounting   **Date:** Spring 2017

Course/Program Team: Stacey McGee

Expected Learning Outcomes:
1. Utilize various managerial accounting methods and techniques to make more informed business decisions.
2. Be able to solve quantitative problems commonly found in the management of modern organizations.

Assessment (How do or will students demonstrate achievement of each outcome?)
Common Homework Assignments, Quizzes and Two Exams in all sections.

Validation (What methods have you used or will you use to validate your assessment?)
The test questions are taken from the publisher's test bank. It is assumed that the publisher validates these questions and tests them for reliability. Other course materials are also provided by the publisher of the textbook and administered through MyAccountingLab. This ensures that the course content is delivered and assessed in a consistent manner.

Results (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)
