Hagerstown Community College Master Syllabus
CAD 228– Solid Modeling/ Mechanical

Course Information
CAD 228– Solid Modeling/ Mechanical
3 Credits
Fall 2018

Instructor Information
Instructor: Dr. Olu Bamiduro

Course Description
CAD 228 is a hands-on competency based course. It builds on skills and knowledge gained in previous CAD classes. Students receive instruction in use of parametric, solid modeling software (AUTODESK Inventor TM) to construct, assemble and animate 3 dimensional models.

Textbook and Course Materials
- This book is also offered as an E-Book.
- Introduction to CAD/ CAE, Carnegie-Mellon 2012. (Open Source:free)

Student Learning Outcomes
This course is a hands-on competency based course. Students use assembly-centric, parametric and solid modeling software to build parts, create assemblies and presentations. Students create three-dimensional models to generate 2D drawings. Upon completion of this class the student will be able to:
1. Create solid models using parametric based software.
2. Create assemblies using created parts and the content center.
3. Create working drawings, exploded drawings and parts lists of assemblies.
4. Create animations of solid model assemblies.
5. Use the software to analyze material properties and perform stress analysis.
6. Work in teams to design mechanical systems that can be used to fabricate a prototype of their Choice.

Definition of Credit Hour: Classroom Courses
To earn one academic credit at HCC, students are required to complete a minimum of 37.5 clock hours (45 fifty-minute “academic” hours) of coursework per semester. Those hours of coursework may be completed through a combination of hours within the classroom and hours outside the classroom. Certain courses may require more than the 37.5 minimum hours of coursework per credit. For most classes, students should expect to do at least 2 hours of coursework outside of class for each hour of in-class coursework.

Minimum clock hours required for this course

**Services for students with disabilities:** Students may receive reasonable accommodations if they have a diagnosed disability and present appropriate documentation. Students seeking accommodations are required to contact the Disability Support Services (DSS) office as early as possible. Students may contact a DSS staff member for an appointment at dss@hagerstowncc.edu or at 240-500-2530.
