Cultural Trips • Pool Operator • Mugs & Pitches • College for Kids
Home Health Care Provider • Construction Equipment Operator
Summer is a time for kids to unwind from their chaotic school year schedule. However, it is also a time to enjoy learning about exciting, new things and develop new interests or hobbies. I remember spending a lot of my summers at the beach or hiking in the mountains. I love those memories! But, some of my fondest memories are from when I went to summer camps with other kids my age.

Hagerstown Community College is very excited to offer College for Kids camps this summer for the thirty-first year. We have camps for students entering second grade to rising high school seniors. These camps offer a great opportunity for your children to learn more about a topic of interest, explore a possible career, or just for enjoyment and fun.

What camps might interest your child? We have many new camps this summer, including:

- Adventures with the Magic Tree House
- Art Attack
- Backyard Ballistics
- Wicked: Beyond the Yellow Brick Road
- Amateur Chefs Cooking Academy
- and many more!

As a teacher for almost twenty years, I highly recommend the instructors and camps at College for Kids. My own daughter developed a love of College for Kids six years ago and has been attending every year since. This will be my second year as College for Kids camp director. I love the excitement I feel as the instructors develop curriculum, crafts, and activities, and as I see the children have fun and engage in thrilling activities.

If your child is a regular College for Kids camper, we would love to have them back. If you are new to College for Kids, this would be a great summer to try it out for a week or more.

Enjoy the rest of the school year and we look forward to seeing your family this summer!

Shelly Sexton
Camp Director, College for Kids

5 Ways to Register

1. **WebAdvisor**
   To register online for your courses visit www.hagerstowncc.edu/web-advisor.

2. **Phone**
   You may register by phone by calling 240-500-2236. Registrations may be accepted by phone when paying with a credit card.

3. **Mail**
   Just fill in the registration form provided in this schedule and mail it along with your tuition to:
   Continuing Education and Business Services
   Hagerstown Community College
   11400 Robinwood Drive
   Hagerstown, MD 21742

4. **In Person**
   Visit the HCC’s registration office in the Administration and Student Affairs Building or at our Valley Mall location.

5. **Fax**
   Registrations may be faxed along with your credit card number to 301-582-4001.
Jump start your career. Scholarships available!

Visit www.hagerstownccc.edu/CEFunding
or call 240-500-2236 for more information.

The information presented in this schedule is deemed to be accurate at the time of printing, but content is subject to change.
REGISTER
1. Confirm your child meets the grade or age requirements for the class section selected. The grade listed refers to the grade your child will be entering the next school year.
2. Register
   • Online at hagerstowncc.edu/kids
   • By phone at 240-500-2236, extension 1
   • By mail or in person (see registration form at back of schedule)
3. Use your child’s name and birth date when registering, not your own.

REQUIRED FORMS
All health and student information will be collected by CampDoc. You must provide a valid email address when registering for a CFK course. Within a week of registering, look for an email from register@campdoc.com. All forms must be completed two weeks prior to camp. Students may be dropped without a refund if documents aren’t completed.
   • Returning campers must update and resubmit forms each year.
   • Questions? Call 240-500-2480 or email cfk@hagerstowncc.edu.

CONFIRMATIONS
• Confirmation of registrations will be sent by mail.
• Check that your child is enrolled in the correct camp and week.

FINAL STEP
• One week prior to camp, you will receive an email containing a map with the location of your camp and where to check in on Monday morning.
• Note: Classroom locations can and often do change. Check the website before coming to campus for the most accurate location information.

SPECIAL ACCOMMODATIONS
If your child has a documented disability (learning, physical, psychiatric, medical, or behavioral) this must be disclosed on the health form. Someone from HCC’s Disabilities Support Services (DSS) office will contact you prior to the start of class to discuss your child’s needs and potential accommodations that may be necessary. If you have questions or need to contact the DSS Office, call 240-500-2273.

American Girls and Me
American girl fans, come enjoy exploring the history and culture of the American Girl book series while you right and share about yourself. You will make butter and bread like Felicity Merriman would have during the colonial times. Learn to dance the jitterbug like Molly in the 1940s, and be an aspiring journalist and report the daily scoop like Kit. Enjoy lively craft-filled days and top off the week with a fancy tea party in your finest dresses. Dolls are invited to attend the festivities. Total: $189

Super Heroes, Super Villains and Super You
Who’s your favorite superhero? What bad guy do you secretly root for? If you could have a super power, what would it be? Spend the week exploring the fantastic worlds and abilities of well-known comic book heroes, their sidekicks, and their arch-enemies. Create your own super hero character, costume, accessories, and world. Through fun and creative hands-on projects, we’ll stop evil-doers in their tracks and make the world just a little more super, one hero at a time. Total: $179

Mad Scientist Training Academy
Real science in a real lab! Investigations and experiments come alive as students engage in hands-on activities that ignite their curiosity about science. From elephant toothpaste to lemon volcanoes, students will be immersed in the process of science investigation. The week will culminate in a mini-science fair where students will show off their science lab skills as they conduct their favorite experiments and investigations from the week. Your little scientist won’t want to miss it! Total: $179

**Chocolate World**

Do you like chocolate things? Then this class will be a sweet way to learn about the history of chocolate. We will learn how it started, how to make it, and the many purposes for chocolate. Come and have a sweet time learning about the world of chocolate in this course. We will explore through books, technology, and hands on activities.

Total: $189

CFK-337-B  MTuWThF  9:00AM—4:00PM  Jun 24 – Jun 28  E. Shank  CPB 212

CFK-337-F  MTuWThF  9:00AM—4:00PM  Jul 29 – Aug 02  R. Gilfus  CPB 212

**Computer Games: Beta Testers**

Computer games are fun to play but they are also fun to make! Discover your hidden talents as a programmer, graphic designer, or beta tester and become part of a team that develops and plays a brand new game created from your imagination. This course was formerly titled: Computer Games are VERY Elementary.

Total: $175

CFK-349-D  MTuWThF  9:00AM—4:00PM  Jul 15 – Jul 19  M. Hoover  ATC 109

CFK-349-E  MTuWThF  9:00AM—4:00PM  Jul 22 – Jul 26  T. Johnson  CPB 171

**Nifty Thrifty Crafts**

From drink coasters to chandeliers, use your imagination to craft beautiful, economical pieces of art! Weave, paint, cut, wire, and glue CDs, plastic bottles, and other mystery 'trash' items to transform them into colorful upcycled creations that will bring a smile to you, others, and best of all, the environment!

Total: $179

CFK-372-E  MTuWThF  9:00AM—4:00PM  Jul 22 – Jul 26  R. Duffy  CPB 230

**We Do Robotics Two**

Grow your LEGO programming skills with more advanced topics on controlling your robot’s movement, sensors, lights, motors, and more. Explore and design solutions to real world problems your robot can fix. “We Do Robotics, Do You?” recommended before taking the level two class.

Total: $179

CFK-374-B  MTuWThF  9:00AM—4:00PM  Jun 24 – Jun 28  M. Niebauer  LRC 257

CFK-374-G  MTuWThF  9:00AM—4:00PM  Aug 05 – Aug 09  M. Niebauer  LRC 257

**Hogwarts Academy**

Been waiting for your Hogwarts letter? Wait no more! Curious about the world of Harry Potter? Wonder what house you belong to? In Hogwarts Academy you will explore the first book of the Harry Potter series. We will read the book, do potions, play quidditch and much, much, more!

Total: $179

CFK-388-C  MTuWThF  9:00AM—4:00PM  Jul 08 – Jul 12  E. Hill  CPB 214

**Global Explorers**

Imagine waddling through Antarctica with a penguin, or prowling through the Serengeti with a lion! Join us as we swim the Great Barrier Reef with coral cays and colorful fish, explore the impressive buildings of Europe, and visit the ruins of ancient empires in South America. Experience the places, animals, and foods from around the world.

Total: $179

CFK-389-B  MTuWThF  9:00AM—4:00PM  Jun 24 – Jun 28  R. Reed  CPB 123

**Magic School Bus**

All aboard the Magic School Bus! Each day will be a new adventure with plenty of activities to, as Ms. Frizzle would say, “Take chances, make mistakes, and get messy.” Step into the zany world of science, exploring a different theme from the Magic School Bus series each day series each day, from getting lost in space to learning about healthy eating and the food pyramid.

Total: $179

CFK-390-E  MTuWThF  9:00AM—4:00PM  Jul 15 – Jul 19  G. Hoover  CPB 213

**Amazing Adventures with Magic Tree House**

Step back in time with Jack and Annie, one activity and craft-filled adventure at a time! Where will the Magic Tree House take you this week? Will you encounter Vikings, twisters, polar bears, knights, mummies, volcanoes, or the dragon king? Come and find out! And dream-up your own action-packed journey to a time and place that captures your imagination!

Total: $179

CFK-391-D  MTuWThF  9:00AM—4:00PM  Jul 15 – Jul 19  M. Cullers  CPB 211
Story Explorers

Hang onto your hat as you explore the wonderful world of stories. Play games, perform story theater, create arts and crafts, and explore a different tale every day. Take a look at different authors from popular series like Mo Willems, Robert Munsch, and Eric Carle.

Total: $179

CFK-395-G  MTuWThF  9:00AM—4:00PM  R. Duffy  Aug 05 – Aug 09  CPB 210

Grades 4-5

Computer Games: Digital Designers

Stop staring at your monitor and become the star of your own computer game. Put yourself in the middle of the action as we digitally insert you into your own animated adventure. Work with graphics, create a storyline, insert sound effects, and package your game for family and friends. This course was formerly titled Computer Games are Elementary

Total: $179

CFK-013-A  MTuWThF  9:00AM—4:00PM  T. Johnson  Jun 17 – Jun 21  CPB 171

CFK-013-E  MTuWThF  9:00AM—4:00PM  M. Hoover  Jul 22 – Jul 26  ATC 202

Crime Scene Detectives

You will be hot on the trail solving mysteries that involve the whole class, using detective skills such as observation and deduction, print lifting and comparison, powder analysis, and chromatography. Gather evidence to catch the culprits.

Total: $189

CFK-016-F  MTuWThF  9:00AM—4:00PM  S. Poling  Jul 29 – Aug 02  STEM 507

The World of Harry Potter

The world of Harry Potter is filled with science, story, math, muggles, history, and hilarity. Come join us as we explore everything that makes the Hogwarts universe magical and mysterious, dramatic and detailed, creative and crafty. Grab the Hogwarts Express at Platform 9 3/4 for a week full of fun! Warning spoilers!

Total: $189

CFK-120-D  MTuWThF  9:00AM—4:00PM  E. Hill  Jul 15 – Jul 19  CPB 214

CFK-120-F  MTuWThF  9:00AM—4:00PM  E. Hill  Jul 29 – Aug 02  CPB 214

Mad Scientist

Captivate your curiosity and ignite your imagination during this week of “way cool” scientific discovery. Conduct experiments, research answers, and record findings. Discover the science that is all around you in every-day stuff. Make slime, find the density of popcorn, and explore the chemistry of bubbles.

Total: $189

CFK-141-A  MTuWThF  9:00AM—4:00PM  S. Miller  Jun 17 – Jun 21  STEM 203

CFK-141-G  MTuWThF  9:00AM—4:00PM  S. Miller  Aug 05 – Aug 09  STEM 203

Pet Academy

Do you love animals? Are you looking for the perfect pet? Join us in learning about your pet possibilities. We will learn about aquatic pets, dogs, cats, small pets, and exotic pets. You will learn about supplies, food, and special considerations for your dream pet.

Total: $189

CFK-153-B  MTuWThF  9:00AM—4:00PM  M. Blosser  Jun 24 – Jun 28  CPB 211

CFK-153-F  MTuWThF  9:00AM—4:00PM  M. Blosser  Jul 29 – Aug 02  CPB 211

My LEGO Robot Is Better Than Yours

Welcome to your first class in LEGO Robotics. Before long, you’ll be in control of your robot as you learn to program your creation to move in different directions or sense light versus dark. Projects will include building various robots that involve motors, gears, light sensors, touch sensors, and even music.

Total: $189

CFK-249-A  MTuWThF  9:00AM—4:00PM  G. Burger  Jun 17 – Jun 21  ATC 202

CFK-249-B  MTuWThF  9:00AM—4:00PM  G. Burger  Jun 24 – Jun 28  ATC 202

CFK-249-C  MTuWThF  9:00AM—4:00PM  B. Hurley, A. Anderson  Jul 08 – Jul 12  ATC 202

CFK-249-F  MTuWThF  9:00AM—4:00PM  A. Anderson  Jul 29 – Aug 02  ATC 202

Fossils and the Sands of Time

Do you know that the sand stuck between your toes at the beach last summer was millions of years old? Where do you think that sand came from? Is all sand alike? Students will use microscopes to analyze and identify sands from around the world and study crystals, fossils, geodes and more!

Total: $185

CFK-295-A  MTuWThF  9:00AM—4:00PM  T. Biddinger  Jun 17 – Jun 21  STEM 307
Digital Maniacs
Claim your part in the YouTube generation and go crazy with digital media. Create a movie from videos and digital pictures. Run your own sound studio and mix and match audio and music. Craft a digital cartoon or movie that tells a story or introduces the world’s next superhero.
Total: $189

Minecraft for Maniacs
Dive into the secret world of Minecraft and rediscover the joy of building with blocks. Visit new blocky worlds and join your team in finding bigger and better Minecraft adventures. Share game experiences and use critical thinking skills to overcome game obstacles. You must have a PAID Minecraft account for the PC/MAC before starting the class.
Total: $179

Junkyard Art
One man’s trash is another man’s treasure. See how Duct Tape really is the best invention ever from medieval armor projects to wallets, accessories, etc. Other projects include making objects such as bird feeders, musical instruments, and other treasures out of recycled materials!
Total: $189

Home Makeover, Math Edition
Design and build a model of your dream room! Be your own interior designer and create fabric, furniture, flooring and paint combinations for your room. Learn how to use geometry and other math skills to measure the spaces of your room, budget for materials, and make it all come together in a model you build!
Total: $179

Computer Games: Programming Pros
Pick up from your “Computer Games: Digital Designers” experience and join our game development company where you work as a team to create a super product. No pressure, but other classes will beta test your product so bring your A game this week! This course was formerly titled Computer Games are BEYOND Elementary.
Total: $175

Around the World
Adventure to Asia, South America, Africa, Europe, and Australia! Each day we’ll visit a new, exotic land across the globe. From kangoaroos to Buckingham Palace, to the tulips of Amsterdam and the Andes Mountains and beyond, come explore the people, places, animals, and foods that make up the beautiful world in which we live.
Total: $179

Ancient Empires of Greece, Rome, China, And Egypt
Have you ever wanted to travel back in time? Join us as we discover the ancient worlds of Greece, Rome, China, and Egypt through their great leaders, food, games, history, and languages. Before the week is up learn how to write your own hieroglyphics, build your own Coliseum, navigate the “ancient silk road” of China, and write your own Greek myth!
Total: $179

Could You Be King?
What if you found the legendary sword in the stone and it came loose in your hands? Could you be king? Could you command an army of good to fight the forces of evil? Through the legend of King Arthur as told in the book The Sword in the Stone and the movie The Kid Who Would Be King, discover what it takes to be king, whether in the Dark Ages or today!
Total: $179
Crafty Kids

Scrapbooking, stamping, card making, oh my! Make the world a more beautiful place one craft at a time. Create fun and unique scrapbook pages to display your water, school, and birthday pictures, decorate birthday and Christmas cards, and even design your own logos. From board games to tote bags you’re sure to have a craft-tastic time!

Total: $179

Rocketry and Space Flight

Use your brain and your imagination to explore the world of flight, engineering, and rocketry. Design and build things that fly. Explore the world of space travel and astronauts.

Total: $185

History Detectives

Have you ever wondered about who killed King Tut? What about the mysterious treasure of Oak Island, and the disappearance of Amelia Earhart? There are so many mysteries that history detectives still need to uncover! Join us as we grab our detective gear and investigate the theories of these mysteries in order to become the ultimate history detectives!

Total: $179

LEGO My Robot

Let out your mad genius and go robotic. Create everything from vehicles to a partial humanoid robot. Face the challenge of planning your LEGO robot and then building it one piece at a time. Add sensors, motors, and program your vehicle or robot to follow your commands.

Total: $185

Amateur Chefs Cooking Academy

Do you like trying new things in the kitchen, cooking up crazy recipes (like edible slime!), and experimenting with ingredients? Join us for a fun, flavorful week all about the science of cooking and start your training as an amateur chef! Experiments and recipes do not involve a stove, oven, or open flame.

Total: $179

Vet Academy

Do you love animals and have an interest in veterinary medicine? Learn how animals benefit our society and how to care for animals. Learn about body systems, diseases, parasites, and common illnesses in domestic animals through hands-on experience and lab activities. Career paths for veterinary medicine will also be covered.

Total: $199

Creative Photography

Do you like to take pictures? Learn all about the world of photography. Explore composition, light, shadow, computer manipulations, and images. Have fun creating beautiful works of art from your photographs. This is a hands-on class that will help you to get creative with your camera and computer. Campers should bring their own camera. A limited number of cameras may be available for sharing, but cannot be guaranteed.

Total: $189

Grades 6-8

Design Your Own Computer Game

Don't just play computer games - learn to design them. From storyboarding to beta testing, take the steps to bring your ideas to life on the computer screen. Experiment with game animation software and learn more about a career as a game designer and programmer. You might just create the next big gaming hit.

Total: $185
Academy STEM
Put your imagination to work and let Academy STEM make you a modern day explorer! Have fun with hands-on activities as you spend multiple days discovering science, technology, engineering, and math secrets that are changing our world every day.
Total: $185

Middle School Girls

Explore a STEM career at College for Kids for only $8!

**GIRLS EXPLORING MANUFACTURING**

*June 17-21, M-F, 9 a.m. to 4 p.m., Grades 6-8*

People building things is what made America great. You can plan the next great idea and explore the world of manufacturing in a class that is fun and hands-on. See how 3-D printing can build a concept in hours or how a robot can solve problems and make manufacturing faster and safer. Advanced technology has made manufacturing a cool field that uses your imagination!

**GIRLS EXPLORING MANUFACTURING: OVERDRIVE**

*July 15-19, M-F, 9 a.m. to 4 p.m., Grades 6-8*

Did working with a robot whet your appetite for manufacturing? Did you really enjoy creating images and printing them in the 3D Printer? If so, Girls Exploring Manufacturing: Overdrive is for you. We will take your initial impressions of manufacturing into overdrive with advanced experiments, outside speakers, and tours to help you explore and prepare for careers in manufacturing. Prerequisite: Girls Exploring Manufacturing, or permission from the instructor.

**GIRLS EXPLORING ENGINEERING**

*August 5-9, M-F, 9 a.m. to 4 p.m., Grades 6-8*

Do you love to solve challenges and make a difference? Put your imagination to work in this great Girls Exploring Engineering week. Engineers travel the world, love their work, are never bored, and make a difference through their discoveries. Join your friends in fun hands-on activities that involve designing, building, and testing. Quench your curiosity this summer. Learn how engineers can change the world, protect the earth, and make a difference.

*Girls Exploring Engineering is being offered through the generosity of JLG Industries, Inc.*

Apply online at hagerstowncc.edu/cfkgrant by March 31, 2019!

**3D Design & Printing**

We live in a 3-dimensional world, so it is time we design and print in one as well! In this week-long course, you’ll learn the basics of 3D design and the technology used to make your design a reality. Discover how a 3D printer works and print your very own 3D design!

The Bigger World of Harry Potter
More potions, more quidditch, just more! Experience deeper and more advanced aspects of the world of Harry Potter as we spend time with the second half of the series and explore the future of Harry’s world. Warning: spoilers!
Total: $189

The Flying Physics of Catapults, Cannons And Sling Shots
Do you like to launch things? Do you want to learn how to increase the accuracy and precision of your projectile devices? Do you like to build and design things? During this week-long course, we will learn the physics behind projectiles to increase accuracy and precision of hitting a specified target. We will design and construct three devices: a catapult, a sling shot, and a cannon.
Total: $189

Star Wars: A Course About the Force
Travel to a time long ago, in a galaxy far, far away and immerse yourself in all things Star Wars! Explore the Star Wars universe and what it teaches us about loyalty, good versus evil, and nature versus technology. You’ll create your own Star Wars story featuring your favorite characters and settings, plus planets, droids, and weapons of your own creation. And no Star Wars class would be complete without choreographing your very own light saber duel!
Total: $185

Mysteries of History
You may have heard of the strange disappearances in the Bermuda Triangle, the unexplained gigantic rock formation of Stonehenge, and the Lost Colony of Roanoke, but they’re only a few of the unsolved mysteries of history! Come investigate the theories behind these fascinating stories and others, like the vanished crew of the Mary Celeste, the atmospheric phenomenon of ball lightning, and the cryptic languages of Rongorongo and the Voynich Manuscript. Who knows, maybe you’ll solve the mystery!
Total: $189
Tinker Tank
Have you tinkered around with stuff and thought, I wish I had time to create something of my own invention. You're in luck! Now's your chance to explore the design process and create your own new device or invention. You may have many failures before you have your great success, but your invention this week might just be the one to win our Shark-Tank-style pitch!
Total: $189

EXTENDED SERVICES
Before Care and After Care are available for an additional $30 each per week. Registration is required. Before Care runs from 7:15 to 8:45 a.m. and After Care is from 4:30 to 6:00 p.m. Staff will accompany students to/from their classroom.

STUDENT’S GRADE LEVEL
Grades listed refer to the grade your child will be entering in the next school year.

REQUIRED FORMS
All health and student information will be collected by CampDoc. You must provide a valid email address when registering for a CFK course. Within a week of registering, look for an email from register@campdoc.com. All forms must be completed two weeks prior to camp. Students may be dropped without a refund if documents aren’t completed.

• Returning campers must update and resubmit forms each year.
• Questions? Call 240-500-2480 or email cfk@hagerstowncc.edu.

LUNCH & SNACKS
Students will be escorted to and from their classroom and supervised during lunch. If students are packing lunch, please send a lunch box that does not require refrigeration. Lunch may also be purchased on campus. HCC “Go Green” debit cards are available for purchase in the campus store in the Student Center. You may send a nonperishable snack and drink with your child.

SECURITY & SAFETY
Hagerstown Community College is committed to providing a safe learning environment for its students.

• Parents or guardians must sign their child in and out of class each day.
• Students are escorted to and from all activities.
• Staff will escort students who are not picked up 15 minutes after camp ends to the Career Programs Building, Room 232.

QUESTIONS
If you need additional information, view the FAQs and parent handbook found on our website at hagerstowncc.edu/kids, or contact our staff at cfk@hagerstowncc.edu.
The Veterinary Assistant Training Program consists of three courses. A certificate of completion of the training will be given upon; successful completion of all three courses and a final project and portfolio, each to be presented on the last night of class.

**What is the job outlook for veterinary assistants?**
Employment opportunities for veterinary assistants and laboratory animal caretakers is expected to grow by 14 percent from 2010 to 2020. Employment of veterinary assistants and laboratory animal caretakers is concentrated in veterinary services, an industry that is projected to grow rapidly during the next decade. The rate of industry growth is being spurred by a growing pet population and advancements in veterinary medicine (source: www.bls.gov/ooh).

**Course 1—Medical Terminology and Intro to Anatomy for Veterinary Assistants**
This course introduces and reviews veterinary terminology and vocabulary. Students must score at least 70% or better on the Course 1 final examination in order to enroll into Course 2, Veterinary Assistant Training Principles.

PET 043 H
Fee: $335
Feb. 25, 2019 – Apr. 22, 2019
6-8 PM

**Course 2—Veterinary Assistant Training Principles**
This course includes an overview of the veterinary profession, office procedures, and exam room procedures, client relations, and clinical procedures.

The diagnostic section includes pharmacology and radiology.

The emergency care section includes anesthesia, emergency surgery, and medicine, as well as animal CPR.

PET 041 J
Fee: $895
April 29, 2019 – Sept. 23, 2019
5:30-8:30 PM  No class: 5/27/19, 9/2/19

**Course 3—Veterinary Assistant Training Practices**
This course consists of 25 hours of combined training including hours at a Humane Society, 10 hours at a Veterinary Hospital/Clinic (mandatory), guest lectures, and up to three hours of individual research for a final presentation to be given at graduation. Course 3 will run concurrently with Course 2. Students will schedule their individual practice hours with the approval of the instructor.

PET 042 B
Fee: $211
Aug 19, 2019 – Oct. 7, 2019

**Presentation of Projects, Career Portfolios, and Certificate Completion Presentations**
After completion of class

**Registration requirements**
Students must be 18 prior to the beginning of the Veterinary Assistant Training Practices course.

Students must be a high school graduate or GED certified prior to July of the program year.

Veterinary assistant students are required to attend all classes. To register for the certificate program, students need to take the Accuplacer Math and English placement tests. To be accepted into the program, students must place into MAT 100 and ENG 099 or higher. (Note: Students do not have to take the MAT 100 or ENG 099 courses, but must receive a score indicating that they qualify for both courses.) If students received a “C” or higher in a college level Math and English class, then they are exempt from taking the Accuplacer placement tests.

See course descriptions on next page.

Visit www.hagerstowncc.edu/coned/areas/animal/vet for more information on this program.

All courses are held at our Valley Mall location.
To register visit www.hagerstowncc.edu/coned or call 240-500-2236 for details.
American Management Association (AMA) courses are nationally recognized for their comprehensiveness and value. HCC instructors use AMA textbooks as the foundation and draw on their own expertise and experience to present material in the most timely and relevant manner. These courses are designed to help you become more effective in your present position and better prepared for advancement opportunities.

Certificate for 2019

AMA Certificate in General and Human Resources Management

This 49-hour program gives managers the skills to lead and supervise a team, as well as the basic principles of human resources management required for all supervisors to stay compliant with current HR laws and best practices.

The AMA certification program at HCC is self-directed. Students complete courses as time and funding permit. Courses are offered several times throughout the academic year and can be taken as a series, or individually. Certification is earned when the student completes all seven courses.

See next page for details.

For more information please visit www.hagerstowncc.edu/ama
AMA Training

AMA General and Human Resources Management Certificate
This 49-hour program gives managers the skills to lead and supervise a team, as well as the basic principles of human resources management required for all supervisors to stay compliant with current HR laws and best practices. This section includes the following seven courses at one low price.

Total: $1350 — Senior Total: $1005

Communication Skills for Managers
Communication is a critical skill for successful managers in all industries. Learn how to clearly deliver your message through the many forms of business communication: written, spoken, in person, and email. Identify their communication styles using the DISC assessment, understand and apply the four workplace communication styles, learn how to create safety for the person hearing the difficult message, and learn the five strategies for managing conflict.

Total: $249 — Senior Total: $213

Coaching for Top Performance
Workplace coaching is an essential skill for all managers in today’s workplace. Ineffective managers gain their power from position and organizational hierarchy, while highly effective managers gain their power from motivating, encouraging, and coaching employees to perform at their highest levels. This course uses the American Management Association’s Coaching for Top Performance manual and will help you practice highly effective workplace coaching skills.

Total: $249 — Senior Total: $213

Leadership Skills for Managers
Managing in today’s dynamic, diverse workplace demands a new type of leadership. Leaders are asked to be visionaries, change agents, and coaches. This course outlines the skills necessary for individual and organizational success, including fostering collaboration and trust, challenging existing procedures, managing change, and building the five components of emotional intelligence.

Total: $249 — Senior Total: $213

A Manager's Guide to Human Resource Law
Do you know what to do to protect your business, your employees, and yourself from legal liability? This course covers everything you need to know to safely hire, fire, and manage your staff. This course uses easy-to-follow guidelines to help you hire the best employees, manage your staff effectively, and, when necessary, terminate employees without legal ramifications.

Total: $249 — Senior Total: $213

Fundamentals of Human Resources
The nature and role of Human Resources (HR) has changed dramatically over the last few decades. This course will help you identify the role of HR management in your organization, and acquire the fundamental knowledge and skills needed for HR management.

Total: $249 — Senior Total: $213

First Line Supervision
This course walks students through the transition from staff to supervisor and is the ideal resource for the new supervisors. Learn to get more done by motivating staff and turning your direct reports into team players. Students will increase their confidence, leadership skills, and job satisfaction by identifying the roles, competencies, and qualities of effective supervisors. Learn to build personal credibility and commitment from others, understand how to build a positive work environment and motivate employees, and practice delivering positive and instructional feedback.

Total: $249 — Senior Total: $213

Successful Project Management
This course guides managers through every phase of effective project management including setting measurable objectives, developing a plan, controlling project schedules, costs and scope,
meeting goals, developing effective relationships, and working with project stakeholders.

Total: $249 — Senior Total: $213

### Coffee. Pastries. Pitches. What more could you want?

Launched from the idea that a community is the perfect place to foster ideas and discover solutions to problems, Technical Innovation Center started Mugs & Pitches at Hagerstown Community College in January 2018.

Held on the 3rd Friday of each month, entrepreneurs, investors, and other professionals meet monthly to connect and converse about their businesses. Each month, two emerging companies present their companies to the community for seven minutes, followed by a 15-minute questions-and-answer session with the audience. Firsthand feedback about the pitches, the innovations, and the company is valuable to the entrepreneurs as they discovers ways to take their businesses to the next level.

Mugs & Pitches is a great opportunity to engage in constructive and straightforward conversations with like-minded people.

- April 19, May 17, June 21, July 19, Aug 16

Visit [www.hccitic.com/mugspitches](http://www.hccitic.com/mugspitches) for more information.
Essential Skills enable managers and supervisors to meet the challenges of the workplace.

The following courses are online courses that flex with your schedule. Courses are instructor led format.

Get started today!

Building Teams That Work
Teams are becoming a staple in today’s workplace. In this course, you will learn the components of a successful team and the stages of its development. You will master the skills you will need to effectively manage projects, make decisions, and solve problems in a team setting.

Along the way, you will follow real-life examples and scenarios to help you identify with the team-building process. Are you eager to develop your leadership qualities and be a quality team participant? This course enables you to understand both perspectives as you learn the best ways to communicate and work together for positive change.

6 Weeks / 24 Course Hrs.

Achieving Success with Difficult People
This course will teach you how to see things from others’ viewpoints based on their needs, values, beliefs, experiences, skills, knowledge, and self-interests. You will learn to approach difficult situations by answering the questions: who? what? where? when? how? and why? And by answering these questions, you will understand who your difficult people are, what they’re like, how you react to them, and their response to your actions. In this course, you will understand that assertiveness involves taking responsibility when meeting your needs in a way that preserves the dignity and rights of others.

6 Weeks / 24 Course Hrs.

Leadership
Leadership skills can help you gain the respect and admiration of others, while also allowing you to enjoy success in your career and more control over your destiny. Contrary to popular belief, leadership skills can be learned and developed. Even if you don’t hold a leadership position, this course will teach you how to use the principles of great leaders to achieve success in almost every aspect of your daily life.

R. Koziel VM 2

CMP-835-K W 9:00AM–4:30PM May 22
R. Koziel VM 2

Microsoft Excel Level II
Improve your Excel workbook by adding visual appeal and increasing usability. Organize data with sorts and filters; use multiple worksheets and workbooks efficiently; add and modify charts and graphics; and explore more advanced functions.
Pre-requisite: Excel Level I. Most topics apply to Excel version 2010 and newer. (Textbook included)
Total: $127 — Senior Total: $87

CMP-836-J W 9:00AM–4:30PM Apr 24
R. Koziel VM 2

CMP-836-L W 9:00AM–4:30PM Jun 05
R. Koziel VM 2

Microsoft Excel Level III
Add on to your Level II knowledge and work with advanced concepts/customization. Import and export data; create custom ranges and use VLOOKUP; and work with PivotTables and PivotCharts. Use the analytical features of Excel (such as Goal Seek and Solver), run and record macros, and share Excel workbooks collaboratively. Pre-requisite: Excel Level II. Most topics apply to Excel version 2010 and newer. (Textbook included)
Total: $127 — Senior Total: $87

CMP-693-A W 9:00AM–4:30PM Jul 10
R. Koziel VM 2

Microsoft Word Level I
Overview the Word screen and ribbon. Craft letters and documents with ease using the introductory topics in this class. Enter and edit text; create tables; spell and grammar check; insert headers and footers; insert graphics; proof and print documents; save and browse documents. Most topics apply to Word 2007, 2010, and 2013. (Textbook included)
Pre-requisite: General computer skills
Total: $127 — Senior Total: $87

CMP-837-L W 9:00AM–4:30PM Jun 19
R. Koziel VM 2

Microsoft Access Level I
Manage, store, search, analyze, and display important relational database information with this latest version of Access. Work with tables, fields, and records; sort and filter data. Most topics apply to Access 2007, 2010, and 2013. (Textbook included)
Total: $127 — Senior Total: $87

Online Computer classes— choosing your class is easy!

2. Browse through the class schedule and select the topic/month that are right for you.
3. Register online and attend orientation online.
   See the online outline for course requirements.
   Questions? Call 240-500-2553, or email online@hagerstowncc.edu

INTRODUCTION TO MICROSOFT EXCEL
Discover dozens of shortcuts and tricks for setting up fully formatted worksheets quickly and efficiently. Learn the secrets behind using functions, sorting and analyzing data, creating custom charts, creating 3-dimensional workbooks, building links, and creating macros and custom toolbar buttons. An intermediate and advanced Excel class is also offered.
Fee: $119 (includes tuition, fee, & registration)

INTRODUCTION TO QUICKBOOKS
Use the power of QuickBooks software to take control of your business accounting! In these lessons, you’ll learn how to set up a chart of accounts, pay bills, invoice customers, create receipts, and reconcile your checking account. In addition, you’ll discover how to track your accounts payable and receivable, manage your assets, control inventory, and generate estimates and reports.
Fee: $119 (includes tuition, fee, & registration)

INTRODUCTION TO CREATING WORDPRESS WEBSITES
Want to build an attractive, sophisticated blog or website— without having to learn any special coding? WordPress is the answer you’re looking for! WordPress is one of the world’s most popular Web design tools because it’s free, it’s easy to use, and it produces professional results. Level II also available.
Fee: $119 (includes tuition, fee, & registration)

CREATING WEB PAGES
From planning to posting, this class can help you get your own web site online in just six weeks! Work with your instructor to plan content and structure, create pages of text and graphics, build links to other sites, and add a splash of attention grabbing color.
Fee: $119 (includes tuition, fee, & registration)

CREATING MOBILE APPS WITH HTML5
Do you want to make mobile apps that run on iPhone and iPad, as well as on Android, Blackberry, and Windows Phone? In this course, you’ll learn how to imagine, design, build, and optimize a cross-platform mobile app using the very latest HTML5 standards. The result will be a mobile app that’s fast and runs on just about any smartphone or tablet computer.
Fee: $119 (includes tuition, fee, & registration)

INTRODUCTION TO PHP AND MYSQL
Learn how to create an interactive Web site, allowing visitors to post and retrieve information provided by you or your site’s visitors. You’ll see how to create dynamic Web pages using the PHP programming language and the MySQL database server. During the course, you’ll walk through the development of a complete content management system Web application. Intermediate level also available.
Fee: $119 (includes tuition, fee, & registration)

MAC, IPHONE, AND IPAD PROGRAMMING
Join the fastest-growing software market today and reach millions of potential customers through Apple’s App Store. You’ll learn to use the free Xcode compiler and the Objective-C programming language to program your own apps. By the end of this course, you’ll know how to find your way around Xcode and write Objective-C commands.
Fee: $119 (includes tuition, fee, & registration)

COMPTIA A+ CERTIFICATION PREP
Time to roll up those sleeves and dive inside the personal computer! The Basic CompTIA A+ Certification Prep course teaches you about the hardware common to virtually every personal computer. You’ll learn how things work, how to configure everything, and how to troubleshoot in real world environments. Intermediate and Advanced level class also available.
Fee: $165 (includes tuition, fee, & registration)

COMPTIA NETWORK+ CERTIFICATION PREP
Here’s the information you need to know to take and pass the challenging CompTIA Network+ certification exam and become a network technician. You’ll learn about topologies, the OSI Seven-Layer model, protocol suites, modern network operating systems, network hardware, cabling standards, remote connectivity, Internet connections, network troubleshooting, and more.
Fee: $165 (includes tuition, fee, & registration)

See more online computer classes you can take from home!
Visit www.ed2go.com/hagerstown for more details and to register.
CDL - Commercial Driver

CDL Learner’s Permit Prep
Take the guesswork out of sitting for your CDL A or B Learner’s Permit and let our professional truck driving instructors guide you through the testing process. This short course will cover the topics you need to pass your Learner’s Permit including areas of general knowledge, air brakes, combination vehicles, passengers, and study tips. Please bring your state of residency CDL manual to the class. Total: $28

Alternative Energy

Solar Photovoltaic Installation
Gain the skills necessary to enter the field of solar photovoltaic (PV) installation. Learn the principles behind PV system design and operation, how to perform site evaluations, and specify system components. Be ready to install, startup, and test simple residential PV systems as well as troubleshoot and repair common PV system faults and errors. Hands-on activities are included. Pre-requisites: CNT-110, Fundamentals of Electricity (Textbook required)
Total: $390 — Senior Total: $215

Home Inspector

Home Inspector Training
Start a new career as a licensed Home Inspector in our course which meets the required 72 hours for the Maryland Real Estate Appraisal and Home Inspection Commission. Presented in partnership with AHIT (American Home Inspectors Training Institute), class covers requirements for inspectors, career and marketing guidance, and includes field work for multiple practice inspections. For licensing in West Virginia, you must register for an additional class day to meet that state’s required 80 hours. (Textbook included in materials fee).
Total: $2045 — Senior Total: $1939

Become a Home Inspector!

Hagerstown Community College and American Home Inspectors Training have teamed up to offer you home inspection training at the HCC Valley Mall Training Center

TRD-045-K — May 4-11, 2019

AHIT is the nation’s leader in home inspection training and training materials. The 72-hour class is an intensive 8-day boot camp approved in Maryland as a first step toward licensing. For West Virginia licensing, an additional class day is needed for that state’s 80 hour requirement (see TRD-213-G offered on January 13).

Online Technical Training

Build your qualifications for a rewarding career in technology. Earn a certificate in these areas of industrial technology:

• Robotics Technician
• Electronics Technician
• Electromechanical Technician
• PLC Technician

Each technician certificate program enriches your skills and knowledge in design, programming, installation, operation, maintenance and troubleshooting industrial electronics, robotics and PLC equipment. The self-paced distance education alternative provides you with practical know how and technical skills needed to become more employable and successful in your field.

Find more information at http://hagerstown-gbc.com or contact the Continuing Education Department at 240-500-2236.
Intermediate Shielded Metal Arc Welding - Stick

Advance your skills in Shielded Metal Arc Welding (SMAW) with a focus on fillet and groove welds required for Structural Weld Code tests. Participants learn how to adjust machines, prepare materials, and apply stick welds on carbon steel in various positions (horizontal and vertical). Prerequisite: Intro to Welding

Total: $408 — Senior Total: $288

Construction Trades Apprenticeships

Construction trades employment is looking better than ever. And thanks to a partnership between HCC and the Cumberland Valley Chapter of the Associated Builders and Contractors, opportunities to enter the trades are expanding. Apprenticeship training programs are now available for:

- Electrical
- HVAC
- Plumbing
- Carpentry

Apprentices work hard to learn a trade while being employed in the field. Apprentices in these programs are registered with the state of Maryland and work with instructors certified to offer a nationally recognized trades curriculum.

For more information on apprenticeships and the application process, please contact Jack Drooger at 240-500-2453 or jadrooger@hagerstowncc.edu.

Coming Soon! Pre-apprenticeship classes will be offered to prepare for your trades career or even to begin entry-level positions in construction.
Unemployed and need to develop job skills? Employed but at a low wage level and no benefits? HCC Workforce Development and area employers have joined together to provide training pathways with funding supported by the Maryland Department of Labor.

- Forklift Operator
- Commercial Truck Driver
- Solar Installer
- Solar Inspector

For more information on the training programs or to apply for the grant tuition assistance, contact Continuing Education and Workforce Development at 240-500-2236 or email ceresgister@hagerstowncc.edu.

“This project was funded in whole or in part by funds received from EARN Maryland, a Grant program of the Maryland Department of Labor, Licensing and Regulation.”

BLS Certification

The American Heart Association Basic Life Support (BLS) for Healthcare Providers (HCP) (C) is a classroom course that is designed to teach a variety of healthcare professionals how to recognize a number of life-threatening emergencies, how to provide CPR, how to use an AED and how to relieve choking in a safe, timely, and effective manner. This course is for healthcare professionals who must know how to perform CPR, as well as other lifesaving skills, in a range of in-hospital and out-of-hospital settings. Textbook cost is included in the BLS full course fee. Student is responsible for textbook for BLS renewal course. AHA requires each student to have a textbook available before, during and after the course. Students must pass a written exam and skills test in order to receive an AHA/BLS for Healthcare Provider (C) course completion card. American Heart Association guidelines require that classes run within a specified time period. Please be aware that failure to arrive for class on time may result in having to reschedule for a later date.

Total: $67 — Senior Total: $52

Drug Calculation

Drug Calculations Preparation
A course designed for students who desire instruction guided direction in preparing for the required dosage calculation exam for the nursing programs LPN and RN. Review of fractions, decimals, per cent’s, and the metric system. Demonstration and practice in using various formulates for calculating oral and parenteral medication dosages. Textbook sold separately. Calculate with Confidence ISBN 978 0323089319.

Total: $53 — Senior Total: $43

Nursing

Medicine Aide

CNA Medicine Aide Recertification
This course provides current medicine aides with updated information on drug therapies and safe medication administration and meets the Maryland Board of Nursing continuing education requirements for recertification. Students are required to attend the full eight hour course (six hours of lecture and two hours of testing) and score a minimum of 80 percent on the written final exam. Submission of the CMA Clinical Update Verification form by the student’s employer prior to enrollment verifying the following information is required: 1. Practiced as a CNA for 16 hours in the two years immediately preceding admission to the CMA Clinical Update. 2. Practiced as a GNA for eight hours in a licensed nursing home in the two years immediately preceding admission to the Clinical Update class. 3. Practiced as a CMA for 100 hours in the two years immediately preceding admission to the CMA Clinical Update. A copy of the CMA Clinical Update Verification form can be found on http://www.hagerstowncc.edu/forms/continuing-education-and-business-services/cma-clinical-update-verification. Certificates will not be awarded without successfully completing the course. Please bring a stethoscope and a drug book to class.

Total: $88 — Senior Total: $43

Mind Body

Beginning T’ai Chi (easy T’ai Chi Primer Form)
This beginning course in T’ai Chi Ch’uan is designed especially for the novice and for seniors who wish to learn and practice a simplified version of this profound art form. In this class, the art of T’ai Chi is taught as a holistic exercise that promotes health, improves balance, and enhances mind-body awareness. Step-by-step instruction is provided in an easy-to-learn primer form of less than 20 movements selected from the Yang and Wu styles of T’ai Chi. The movements of T’ai Chi are circular, soft, and flowing, and are performed slowly with concentration and control. In beginning T’ai Chi, the participant can return again and again to the same class or use the lessons as a foundation if they wish to pursue continued studies of T’ai Chi at an intermediate or advanced level. Wear comfortable clothing and flat-soled shoes. Exclusions apply for pregnant women and those with moderate to severe osteoarthritis in the knees.
Total: $87
MBP-072-J W 6:00PM–7:00PM P. Cote Apr 03 – Jun 05 CPB 211

Intermediate T’ai Chi (Authentic Northern Wu Style)
This intermediate-level course features the authentic Northern Wu style T’ai Chi Ch’uan that was passed down via the late Grandmaster Wang Peisheng of Beijing, China. This class is suited for those continuing on from beginning T’ai Chi and for those who are ready from the start to experience a more challenging method of T’ai Chi Ch’uan practice. Step-by-step detailed instruction will be given in the movements and principles of the 37-posture Wu style T’ai Chi form. No previous experience with T’ai Chi is required if you are in good health and feel you are ready to begin your T’ai Chi experience at an intermediate level. Those who have taken one or more semesters of the beginner’s T’ai Chi course, and those who have practiced other T’ai Chi styles, are welcome. Wear comfortable clothing and flat-soled shoes. Exclusions apply for pregnant women and those with moderate to severe osteoarthritis in the knees.

Yoga for Everybody With Simone Heurich
RYT 500, Certified Anusara Yoga Instructor

This session will introduce students to the basic poses, breathing, and relaxation techniques of Hatha Yoga. Through developing your self awareness, you will learn proper alignment, increase your strength, and improve your flexibility. Through encouragement in honoring where you are starting from, you will experience the benefits of yoga without unnecessary discomfort. You’ll appreciate how important your breathing is and learn ways to breathe in a more balanced way. Through Hatha Yoga, you can experience a more vibrant body, peaceful mind, and joyful heart. This session is suitable for all ages and abilities. Students are asked to wear comfortable clothing and bring a floor mat and one or two blankets.

Cultural Trips

National Museum of the American Indian
The National Museum of the American Indian houses one of the world’s largest and most diverse collections of its kind. Meet the Native peoples of the Chesapeake Bay region—what is now Washington, D.C., Maryland, Virginia, and Delaware—through photographs, maps, ceremonial and everyday objects, and interactive exhibits; learn the ways in which American Indians have been part of the nation’s identity since before the country began; discover the relationship, history, and legacy of U.S.-American Indian diplomacy from the colonial period through the present; and delve into indigeneous worldviews, philosophies, and the spiritual relationship between humankind and the natural world. Enroute, Roger Swartz will discuss basic Native American spiritual beliefs, especially from the Northeast, and how they are applied to daily Indian life and incorporated into the museum: its outer grounds, its architecture, and its exhibits. Registration includes motor coach transportation and gratuities. Admission is free.

Total: $99

TRP-007-J   Tu 8:00AM–5:30PM   Apr 23   R. Swartz

Washington, D.C., Escape
Join your friends as you travel to Washington for a day to relax and explore all your favorite museums on the Mall in complete leisure. The motor coach will drop you off and pick you up at the Smithsonian Castle, allowing for plenty of exploration time in one or more of the historic museums on the Mall or shopping. Fee includes: fully-equipped motor coach transportation and gratuity. Departure is from the Valley Mall.

Dance and Recreation

Instructor Bio - Jody Schein

I started my dancing career at a large franchise in 1997. I then moved on to study ballroom dance at Brigham Young University and taught as an independent instructor for several years. Since 2010, I’ve become professionally certified through Dance Vision International Dance Association and I’m currently adding to my list of professional dance certifications. I continue to teach using the excellent DVIDA system and specialize in social dancing, event preparation and American Rhythm dances. I love working with beginners of all ages and look forward to introducing you to the magic of ballroom dancing!

Ballroom Dance - Swing/Foxtrot

Join professionally certified Dance Vision International Dance Association (DVIDA) instructor, Jody Schein, for Ballroom Dance Instruction. Learn to dance to the greatest music from the roaring 20s all the way through the rock n’ roll 50s. We’ll be sailing smoothly through the foxtrot and twirling our way through the swing. Wear comfortable shoes (no flip flops) and we’ll be dancing in no time.

Instructor Bio—Roger Swartz
Roger Swartz is a nationally acclaimed author and historian. Program sponsors have included: Smithsonian Associates, the Smithsonian; Mount Vernon Estate, and Historic Bartram’s Gardens in Philadelphia.

Maryland in the French & Indian War, 1754-1793
Come to understand Maryland’s part in the causes of the French & Indian War, including the strategic planning of New England and mid-Atlantic colonies at Alexandria, Virginia in the spring of 1755. And take in-depth exploration of the 1755 Braddock expedition: the routes, including retreat; internal controversy; reasons for defeat; and the assignment of the British regiments to the northern theater of war. You’ll also investigate placement, experiences, and immigration of 900 Acadians who were removed to Maryland in 1755. Finally, discuss Maryland’s frontier defense, including Fort Frederick, and Maryland’s roles in the Forbes campaign of 1758.

Total: $105 — Senior Total: $65

HCR-027-L  Tu  9:00AM–12:00PM  Jun 18 – Jul 09
R. Swartz  VM 3

Native American Nations of Maryland
Five Native American nations greatly impacted Maryland’s colonial history. Discuss general cultural characteristics of these Iroquoian and Algonquian-speaking nations, from their regalia to government, and their impact upon Maryland’s colonial history. Major historical topics include: the 17th century Beaver Wars; the 1744 Treaty of Lancaster; and the Ohio Company of Virginia and Maryland.

Total: $105 — Senior Total: $65

The Mine Wars of West Virginia
Labor disputes, strikes, lockouts, marches, gun fights, assassinations, battles, martial law, and the largest armed insurrection in American history excepting only the Civil War - these were the realities of central Appalachian coal country in the teens and twenties of the 20th century. Rediscover the largely unknown yet fascinating events of the West Virginia Mine Wars through discussion led by historian Doug Estepp and two films: the 1986 film Matewan, and the 2016 PBS American Experience documentary The Mine Wars.
Total: $49 — Senior Total: $35

The World War II Campaigns in North Africa
World War II enthusiasts certainly know of Irwin Rommel and his famous Afrika Korps, but the fighting began in North Africa well before Rommel arrived. Initially it pitted Italians against Ethiopians, then Italians against the British. It was only when Italy faced humiliating defeat at the hands of a much smaller British force that Hitler reluctantly ordered Rommel to North Africa to save the day. And he did, although not permanently, which you’ll discover if you join Jeff Driscoll for this class.
Total: $115 — Senior Total: $79

Maryland Women AND THE TRANSFORMATION OF POLITICS
To fully appreciate the significance of the 2018 midterm elections for women, come see the transformation of women in politics through the experiences of diverse Maryland women, 1890s-1930. The class culminates with a panel discussion with female elected officials and political activists.

$75, Seniors $55
Course: HCR-019

Panel Only
$35
Course: HCR-030

Instructor Diane Weaver has been a career-long educator and women’s rights advocate. She served as a nine-year governor’s appointee to the Maryland Commission for Women and earned Masters and Ph.D. degrees in history from the University of Maryland. She is the author of “The Community’s College: The Remarkable Journey of Hagerstown Community College.”
Home & Garden

Floral Design - Spring Mini Session
Join floral designer and historic garden specialist, Denny Warrenfeltz, for a special spring session of floral design! Create your own arrangements and decor using an assortment of fresh, silk, or dried materials. Supplies may be purchased from the instructor. Cost dependent upon your choice of materials.
Total: $49

Spring's Fleeting Flowers
What do Squirrel Corn, Bloodroot, Trout Lily, and Virginia Bluebells have in common? They are all spring ephemeral flowers, blooming for just a few weeks in early spring, then quickly fading. Washington County has several great locations for these beauties, so join us for a delightful field trip! Class will meet at Dargans Bend on the C&O Canal.
Total: $25

On Gossamer Wings: The Magic of Butterflies and Moths
With at least 1,000 species of butterflies and over 1,500 species of moths in Maryland, we have much to explore! Delve into the world of both butterflies and moths in this introduction course. You will learn the lifecycles, anatomy, and nomenclature of species. Weather permitting, we will spend time outdoors using our new knowledge to identify these beautiful, winged insects.
Total: $69 — Senior Total: $45

Spring Butterflies in the Field
We think of butterflies as summer creatures, yet spring brings some species we don't see the rest of the year. So come join a guided tour of butterflies! You'll learn more about telling butterflies from moths and identifying common butterflies in the field. We'll get some up close looks and plenty of pictures, too. We will meet on site at a locale in Washington County, to be finalized at least one week before the class. Suitable for beginners and most ability levels. We may walk up to 2 miles on fairly even terrain.
Total: $25

Maryland Summer Butterflies At Antietam
Late July is our peak time for butterflies, when it is quite possible to see a hundred in an hour. So come join a guided tour of butterflies! You'll learn more about telling butterflies from moths and identifying common butterflies in the field. We'll get some up close looks and plenty of pictures, too. Suitable for beginners and most ability levels. We will expect to walk up to 2 miles on fairly easy terrain. Class will meet on site at Antietam National Battlefield.
Total: $25

Discovering Local Birds
With spring weather comes the return of migratory birds. Hawks and warblers, woodpeckers and mergansers can all be found in Washington County. Learn to identify common spring birds by appearance, behavior and sounds. And chat about where to find birds and about attracting birds to your yard. Continue the discussion with Kathy and your fellow classmates at an optional lunch nearby.
Total: $19

Magical Moths
Think moths are boring? Maryland is home to over 1,500 species! With the help of a special light setup, we'll attract a variety of moths for close up looks. We'll also have time to talk about unique features of moths, new research on moths, and differences between moths and butterflies. We will meet on site at a locale in or near Washington County, to be finalized at least one week before the class. Significant walking is not expected.
Total: $25

Spring Birds in the Field
With spring weather comes the return of migratory birds. Hawks and warblers, woodpeckers and mergansers can all be found in Washington County. We'll meet on the C&O Canal, where we should see a good selection of migrating waterfowl, as well as woodland bird species.

Spring 2019 Glorious Garden Series
Mondays, May 20th and June 24th, 6-8 PM

Nothing announces the coming of summer quite like sweet, juicy berries. Bursting with color and flavor, strawberries, raspberries, and blackberries are delectable treats for the taste buds and eyes alike.

Create beautiful floral arrangements with edible berries, along with beans, pods, and inedible berries, such as hypericum berry. Learn how to cultivate, harvest, and arrange your own berry ‘boutiful’ garden with the expert guidance of Denny Warrenfeltz.

May 20th - At Trayer’s Farm and Greenhouse in Mercersburg, Denny will demonstrate various arrangements and provide a guided walk-through of the greenhouse, giving you tips on how to plant and tend your own garden.

June 24th - Tour a sample garden at the Bowman House in Boonsboro and create your own arrangement.

Please bring a folding chair and enjoy light refreshments both evenings.

Denny has over 40 years of experience in gardening, floral design, and open hearth cooking.

Course: ANE-084, $69
Language

German for Travelers, Part II
Build on the language skills and confidence you gained in German for Travelers! Go beyond the basic expressions and phrases, learn new vocabulary, and continue practicing your German language skills through conversation, games, and writing.

Money Matters

Financial GPS
Financial GPS is a four-week series where you’ll define where you are financially, set a dream destination, and chart the course to reach that destination with minimal roadblocks and detours. Make the most of your hard-earned money by learning about key financial measures, such as net worth and a credit score. Gain insight into setting reachable financial goals and how to use a budget to meet those goals, whether they be building security through an emergency fund and consumer savvy, keeping more money in your pocket by avoiding and paying off debt, or growing your money through wise investing. It’s never too soon (or too late!) to learn how to pave the road to your financial security. A great investment for adults of all ages.

Music

Beginning Bluegrass Banjo
Do you enjoy the traditional bluegrass tunes of Earl Scruggs and the Stanley brothers, folk rock artists like Bela Fleck and Mumford & Sons, or the ‘newgrass’ sounds of Nickel Creek, Punch Brothers, and Yonder Mountain String Band? They all had to start with the basics - and so can you! Learn to pick and strum traditional bluegrass tunes in this class for beginning banjo players with little or no prior experience. You’ll learn to play by ear, without music or tablatures.
Total: $59
BLU-013-J W 7:00PM–8:00PM Apr 03 – May 15
F. Maietta KEP 204

Bluegrass Jamming
Can you strum a song using G, C, F, D, A and E chords? Do you envy those people that can jump into any jam session? Then join us Monday evenings for these beginner to advanced beginner jam sessions. There are three levels of participation available: learning to hear and play chord changes - beginning; learning to sing and play - beginning; learning to play, sing and take simple solo breaks - intermediate to advanced beginner. All levels of participation are welcome. Acoustic guitars, banjos, mandolins, bass, resonator guitars, dulcimers and fiddles, and other instruments by permission. If you have always wanted to try joining a jam session then now is your chance.

S. Schaefer VM 3

Creating Your Photography Portfolio
Are you looking to take your photography to the next level? Move beyond the basics and begin shooting and editing with your portfolio in mind! Whether you’re interested in starting a business, applying to earn a degree, or wanting to publish your photos, you will need to know how to present your photography as a full body of work. Discover your unique style as a photographer, practice how to maintain consistency in editing, explore different ways to display your images, and learn the differences between shooting for events versus fine art - all while building your portfolio!
Total: $125 — Senior Total: $75

Dreaming of a better life?

Need to acquire your high school diploma? Improve your English language skills? Or enhance your math, writing, and reading skills? HCC would like to partner with you and make it happen.

HCC’s Adult Education Program offers free assessment, advising, classes, tutoring support, and a computer lab that is professionally staffed for those wanting to acquire their high school diploma or improve their educational skills.

Meet the required placement scores, and you can enroll in the National External Diploma Program (NEDP) for $90.

Classes are offered both day and evening at a variety of locations in the Hagerstown area.

It all starts with a phone call and an appointment. Call 240-500-2313 between 8:30 a.m. – 4:30 p.m. and speak to someone who looks forward to partnering with you.

Change your life today, one step at a time. Let’s make that dream a reality.

Non-Credit Course Disclaimer
Courses and class schedule information listed in the Non-Credit Course Schedule, promotional literature and on the College website are subject to change. The College regrets any discrepancies or typographical errors.

Continuing Education and Workforce Development wants every student to be successful; however, we recognize that a course or training program may not always be the best match for a student. Thus, the College reserves the right to decline a student registration into any career-training course or program where the student has unsuccessfully attempted the same course or training program twice or because of poor performance in the program.

Registration is Easy
Registrations will be accepted through the first day of class if space is still available. However, we encourage you to SIGN UP EARLY.

To register in-person:
Visit our HCC registration office in the Administration and Student Affairs Building on the main campus.
11400 Robinwood Drive Hagerstown, MD 21742
Business Hours:
– Monday and Thursday 8:30 a.m. – 6:30 p.m.
– Tuesday, Wednesday and Friday 8:30 a.m. – 4:30 p.m.
Phone: 240-500-2236

Visit our satellite location at:
14301 Valley Mall Road, Suite 455 Hagerstown, MD 21740
Business Hours:
– Monday through Thursday - 8:30 a.m. – 9 p.m.
– Friday - 8:30 a.m. – 4:30 p.m.
– Saturday - Selected Hours
Phone: 240-500-2236

To register by phone:
You may register by phone by calling 240-500-2236. Registrations may be accepted by phone when paying with a credit card.

To register through WebAdvisor:
• www.hagerstowncc.edu/coned/web-advisor
• Register online for your courses. Follow the step-by-step tutorials on the WebAdvisor page.

Classes are constantly being added. Check the website for the most current listings.

Birthdate and Social Security Number
Your social security number and birthdate are requested on our registration form for use as student identification numbers to help us avoid duplicating records and mailings. It is for internal use only and remains confidential. Your birthdate is required by the Maryland Higher Education Commission.

Tuition and Fees
Any Maryland resident 60 years of age or older and who enrolls in a Maryland funded course is exempt from payment of tuition but must pay the $35 fee (or higher fee if indicated in the course description) and any other applicable fees. Tuition does not include any fees or cost associated with a self-supporting program.

All students who enroll in continuing education classes which are not eligible for state funding shall pay full tuition and fees.

All students registering for an open enrollment course shall pay an $8 registration fee. Checks should be made payable to Hagerstown Community College. There will be a returned check fee of $35 for checks returned for insufficient funds.

For information concerning tuition assistance for individuals with disabilities, please call 240-500-2273.

Admissions
Anyone 16 years of age or older is eligible for admission (unless specified otherwise).

Course Cancellations
Each non-credit class requires a minimum number of enrollees to run. The decision to hold or cancel a class is made, in most cases, three business days prior to the start of the class. The college, however, reserves the right to cancel a class at any time due to unexpected circumstances.

Refund Policy

Drops, Refunds and Cancellations
Course cancellations: 100% refund will be issued for any course the College cancels.

Before the course begins: Course withdrawals and requests for full refunds may be made up to 24 hours before the course begins by calling Continuing Education at 240-500-2236. Some exceptions may apply and will be noted in the course description.

After the course begins: Refunds are not awarded after a course has started.

The above policy does not apply to College for Kids and Cultural Day Trips. Call 240-500-2236 for College for Kids and trip refund information.

The College reserves the right to cancel courses or make changes due to insufficient enrollment or unforeseen circumstances. In these events, students will be notified via phone and/or email.
Employer's Tuition Assistance

If your employer is paying for your course, we must receive a purchase order or a letter on company letterhead along with your registration form. The purchase order or letter must state what the employer is paying (i.e. tuition, material fee), your name, and the course(s) in which you are enrolling. Registrations will not be processed without this paperwork. If the employer is paying for your textbook, a separate letter or purchase order must be submitted to the Bookstore at the time of purchase.

ed2go Online Course Registration Information

Online courses offered by HCC can be attended based on your personal schedule, day or night. New classes start on the second Wednesday of each month with two lessons posted each week.

Print the online registration form and forward it along with your payment to the Hagerstown Community College, Continuing Education Registration.

If you have additional questions, you can also e-mail our student liaison at online@hagerstowncc.edu.

College Holidays

- May 27, 2019 – Memorial Day
- July 4, 2019 – Fourth of July

Parking

Display the confirmation letter on your car’s dashboard to serve as your parking permit when attending classes on the HCC campus. Parking for seminars is in Lot F. Parking for other courses is available in the student lots.

Use of Cell Phones During Class

Cell phones should be turned off or set to silent when class is in session. Calls must not interrupt the class. If students have to make or take calls on an emergency basis, please step out of the classroom to do so in order to minimize the disruption.

Emergency Closing

In case of severe weather or other emergency conditions, you should check HCC’s website (www.hagerstowncc.edu) or Facebook page (www.facebook.com/hagerstowncc).

We will not necessarily close when the public schools do. When the public schools are closed due to weather or emergencies, all classes at public school locations are cancelled. When the college closes, all classes at off-campus sites are canceled. Classes canceled due to inclement weather or emergencies will be made up.

Non-Credit/Credit Shared Courses

Selected courses may be taken for either academic credit or a non-credit basis. Should the student desire to transfer from non-credit to credit, the student must transfer by the second week of class. In order to transfer from non-credit to credit, the student must first drop the course through Continuing Education and then register in the Registrar’s office. Students who have completed the non-credit course will receive a Certificate of Completion but will not be awarded college credits and may not earn college credit for the credit course by exam.

Certificate/CEU Information

Students do not receive grades for Continuing Education courses. Some non-credit courses offer Continuing Education Units (CEUs). You must inform the instructor if you need CEUs.

Code of Student Conduct

Hagerstown Community College has established rules of behavior that must be followed so that the teaching/learning process is not disrupted. A copy of the student handbook is available in the Student Activities Office.

Smoking Policy

Hagerstown Community College is committed to providing a safe and healthy working and learning environment for students, faculty, staff, and visitors. Effective January 1, 2015, HCC will be a tobacco-free campus. The Tobacco-Free Policy applies to all Hagerstown Community College facilities and vehicles, owned or leased, regardless of location. Smoking and the use of tobacco and e-cigarette products will not be permitted on any HCC property, including all buildings and facilities, walkways, recreational and athletic areas, building entrances, and parking lots. This policy applies to all students, faculty, staff, and other persons on campus, regardless of the purpose of their visit. To learn more, visit www.hagerstowncc.edu/tobaccofree.

Equal Opportunity College

Hagerstown Community College does not discriminate against any individual for reasons of race, sex, color, religion, national or ethnic origin, age, sexual orientation, or conditions of disability in the admission and treatment of students, education programs and activities, scholarship and load programs, hiring of faculty and staff, or any terms and conditions of employment. The college is committed to affirmative action. Individuals requiring special accommodations are requested to contact the Office of Student Services at 240-500-2240 to make arrangements no later than 10 days prior to the meeting or course.
For registration information, see pages 61-62
DIRECTIONS TO HCC

From Interstate 70
Take exit 32B on to Dual Highway. At the first stop light turn right on to Edgewood Drive. (Edgewood Drive turns into Robinwood Drive.) Enter the circle and take the third right in the round about on to the HCC Campus.

From Interstate 81
Take exit 6A on to Route 40 East. Proceed through downtown Hagerstown and continue straight (road is now called Dual Highway). Turn left on Mt. Aetna Road. At second stop light turn left on to Robinwood Drive. Enter the circle and take the third right onto the HCC campus.
