Course Title: EMS 181 Practicum I

Date: Fall 2019

Program Team: Bev Witmer

Expected Learning Outcomes:
- Safely and competently demonstrate specified paramedic skills.
- Competently assesses patients in specified populations.
- Demonstrate basic affective domain qualities.

Assessment (How do or will students demonstrate achievement of each outcome?)

Not Meeting Affective Domain Requirements includes:
- Must show up on time for scheduled clinical. Notify PES Clinical Coordinator and clinical/field site in advance if you need to reschedule or will be tardy. There will be 1 occurrence per canceled shift.
- Students will enter PPCP Evaluations into FISDAP within 72 hours.
- Must have required PPCP forms/paperwork while at clinical
- Must enter FISDAP information within 72 hours of clinical/field shift.
- Must complete both FISDAP form and Clinical/Field Site Evaluation for each clinical activity.
- Must represent oneself in a professional manner to include physical appearance and basic attitude. Clinical site preceptor reserves the right to ask you to leave and this would require the shift to be repeated and may result in further disciplinary action.
- See HCC PES Affective Domain Evaluation form for more requirements.
**Validation** (What methods have you used or will you use to validate your assessment?)

Students must pass each course with a 70% or greater, receive satisfactory marks in laboratory/clinical skills and affective domain in order to continue with program.

**Results** (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)

15/16 students completed the Practicum requirements.
0/16 received incompletes as of 12/16/19

**Follow-up** (How have you used or how will you use the data to improve student learning?)

Evaluation of exam scores and NREMT certification results will be used to evaluate outcomes success and the need for additional resources.

**Budget Justification** (What resources are necessary to improve student learning?)

Increase Lab Assistant hours to assist in FISDAP quality assurance.
