Course/Program Team: NUR 224  Fall 2019
Robin Hill- Instructor

Expected Learning Outcomes: Refer to Course Syllabus

Assessment (How do or will students demonstrate achievement of each outcome?)
Four unit exams, ATI proctored exam, ATI practices weekly as well as a simulation Lab. Review materials offered for studying for each test and 3 in-class reviews with games, puzzles and NCLEX questions was offered with approximately 70% taking advantage of the reviews.

Validation (What methods have you used or will you use to validate your assessment?)
ATI testing with a goal of Level 1 or higher and exam average of 75 % or greater.
Simulation lab.
Lectures online or in class and some classes the video was also offered.

Results (What do your assessment data show? If you have not yet assessed student achievement of your learning outcomes, when is assessment planned?)
NUR 224 enrollment started at 24. This class consisted of 11 paramedics and LPN transition students, and 12 students repeating the course from failing it over the summer. 1 student is taking this class to get back into the nursing program next term.
3 students dropped the class within the drop time due to failing grades in another class.
1 student stopped attending class in week 9 due to failing this current class. The grades breakdown is
A: 5
B: 11
C: 3
D: 1
F: 1

ATI Exam results
Level 0: 5
1: 6
2: 8
3: 1 student

The 2019 students were given ATI proctored assessment with a goal of a level 1 or higher= 2019 Fall= 75 % made the goal of level 1 or higher.

2019 LAB grade was 100% there was 1 who did not attend.

Narrative: This group of students were quite diverse. 9 were repeating Pharm after failing this summer, 2 were not successful in passing this time around either. 9 students were LPN’s, 2 were paramedics, and they were all successful in passing. All of the students that scored below level 1 on the ATI were repeating pharmacology for the second time.
90 % pass rate for the course is consistent with past classes
