Results:
Course completion:
100% (22/22 students) completed the course with a grade of 75% or higher
0% (0/22 students) completed the course with a grade < 75%
Students who are failing are encouraged to withdraw from the program before add/drop

Course outcomes (onsite observations, journals, site evaluations and timesheets): N=22

Course outcome 1: 75% of students get > 75%
Onsite observations=Overall class average (instructor evaluation) =85.00%

Course outcome 2:
Site evaluations #1 class average = 80.52%
Journals=class average of journals =79.50%

Course outcome 3:
Site evaluations=85.0%. During my observations I witnessed several students not following infection control protocol.
Journals = 75.81

Course outcome 4:
Site evaluations=80% 17/21 students observed applied the appropriate radiographic surveys as asked by the dentist.
Onsite observations=90%

Course outcome 5:
Timesheets=100% completed 180 hours
Site evaluations=100% sties indicated that all students completed the required 300 hours.
Journals = 98%

Course outcome 6:
Journals=78% students consistently responded to other students on the Moodle modules.
Late journals were also a problem.
Site evaluations=85% site offices indicated that the student did not communicate with the patients or staff well.

Course outcome 7:
Timesheets=100% of students completed 180 hrs.
Site evaluation#2=92.6%
Onsite observations=85.2%
