

Course Outcomes Guide- Spring 2019

Course Title: The Nursing Care of Women and Infants NUR 126

Course Team: Malissa Hudson, MSN, RN NUR 126 Spring 2019 Sessions A & B combined

Expected Learning Outcomes:

1. Utilize critical thinking in implementation of the nursing process to plan care for individuals and families that promotes health throughout the lifespan in a variety of settings.
2. Adhere to quality of care and safety standards in both acute and community-based environments.
3. Facilitate the continuity of care for individuals in various acute and community based environments
4. Practice within the ethical and legal framework of the nursing profession
5. Provide compassionate care and serve as a advocates for individuals and families, respecting their diverse cultures, spirituality, values, and belief systems.
6. Employ therapeutic verbal, nonverbal, and written communication skills.
7. Collaborate with the individual, family and interdisciplinary health professionals to promote, maintain, or restore health, and comfort the dying.
8. Exercise leadership skills in the management of care.

Assessment:

Three unit exams

Comprehensive final exam

Five Moodle quizzes

Baby bath teaching demonstration

5 ATI Real Life scenarios

2 ATI Practice Exams

Comprehensive ATI Proctored Exam

Family Planning teaching plan presentation in class

Each clinical day: mother and baby databases, careplan, and clinical performance evaluation tool with personal feedback

Math test

Validation:

ATI results (Assessment Technologies Institute)

Moodle quiz results

Exam average of 75% or greater

>75% on baby bath demo before starting clinical

“pass” lab, clinical, and simulation

“Satisfactory” on ATI Real Life scenarios

Results:

Total of 42 students completed the course:

7 A's, 26 B's, 7 C's, 2 D's, 0 F's, 1 W

ATI proficiency: Level 3 = 13 students

Level 2= 21 students

Level 1= 5 students

Below level 1= 1 student

*Students who scored Level 1 or below were referred to Michele Blash for remediation/followup.

*Students who achieve an exam average <75% at any point in semester are contacted by email to set up an appointment with me in my office.

All students completed Moodle quizzes satisfactorily.

All students but two completed course with exam average > 75%

All students passed labs, clinicals, and simulations.

Follow-up:

Will use sample review (NCLEX) questions in lecture to expose students to types of questions on ATI and NCLEX exams. Students will be encouraged to use ATI website practice exams throughout the semester. Will provide more “hands on” lab experiences with med calculation/administration/IV pump use

Budget Justifications:

Nothing to report
