

American Dental Hygienists' Association Student Chapter

Club Syllabus 2014-15

The name of this organization is the American Dental Hygienists' Association (ADHA) Student Chapter of Hagerstown Community College.

Objectives: The objectives of this organization shall be to propagate, promote, and assist the art and science of dental hygiene, to represent the common interest of the members of the dental hygiene profession.

Club mission: To educate the campus and community at large about good oral health and improve the oral health of the public.

Goals: Raise money for students to attend the National Board Review. Raise money for a student loan fund or donations for a Hagerstown Community College dental hygiene scholarship. The club will strive to make the students of Hagerstown Community College and the surrounding residents aware of the dental hygiene clinic at Hagerstown Community College and members will also volunteer services to the surrounding community at health fairs and other events.

2014-2015 Planned events: Decorate the dental hygiene facility with educational information. Spread information about the Dental Hygiene Clinic. Fundraisers such as a Mother's Day basket Raffle and selling Catocin Popcorn.

Student Learning Outcomes: Students who participate in this club will prepare for future employment in the Dental Hygiene field. Students will develop multi-tasking and organizational skills by being able to manage college, work and a life. Students will work side by side with licensed hygienists and build networks in the community.
