

HAGERSTOWN COMMUNITY COLLEGE

CAMPUS POLICE ANNUAL SECURITY REPORT 2020

INTRODUCTION

The safety and security of the College Community are of vital concern to Hagerstown Community College. Hagerstown Community College's Annual Security Report is prepared and distributed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), as amended by the Higher Education Opportunity Act (HEOA), and all implementing regulations issued by the US Department of Education (34 C.F.R. Part 668.46). The report reflects policies and services designed to provide a safe environment and set a standard of conduct which is most conducive for a safe college campus.

The HCC Campus Police work with the Title IX Coordinator to compose the Annual Security Report. This report contains three calendar years of reported crimes that occurred on campus, public area contiguous to the campus, or property owned, leased or controlled by Hagerstown Community College. The statistical information includes information reported to Campus Security Authorities (CSAs) and crimes reported to outside law enforcement agencies (Washington County Sheriff's Office). Each year before October 1, all employees and members of the College community are notified by email that the Annual Security Report has been posted on the College's website and can be accessed by the following web site: <https://www.hagerstowncc.edu/campus-police-annual-security-report>. Hard copies of this report will be provided upon request by contacting the HCC Campus Police office at 240-500-2312 or 240-500-2334.

Hagerstown Community College Campus Police & Security

CAMPUS POLICE AUTHORITY

Hagerstown Community College Campus Police are sworn law enforcement officers that have authority granted under the Maryland Code, Education Article 16-707.1. HCC Campus Police Officers may exercise powers of a police officer only on the property that is owned, leased, operated by, or under the control of the Hagerstown Community College. HCC Campus Police are stationed at the main campus in the Learning Resource Center room 134 located at 11400 Robinwood Drive, Hagerstown, Maryland 21742. HCC Campus Police officers are armed and have sworn law enforcement powers on the main campus of Hagerstown Community College.

HCC Campus Police have a professional relationship with the Washington County Sheriff's Office and work together to address problems and provide a safe and secure community. HCC has two satellite locations, one located at the Valley Mall and the commercial truck driving range located at 14547 Industry Lane in Hagerstown, Maryland. The Washington County Sheriff's Office provides law enforcement services at both satellite locations.

CAMPUS SECURITY OFFICERS

Hagerstown Community College utilizes unarmed security officers to supplement the Campus Police. These security officers do not possess arrest powers and are not authorized to conduct traffic enforcement. HCC Security Officers are dressed in tan colored security shirts and black BDU style pants. Security officers patrol campus and are trained to observe and report incidents. If an HCC Campus Police Officer is not available, the security officer will contact the Washington County Sheriff's Office. HCC Security Officers are considered a Campus Security Authority and are trained to document and report incidents, as required under the Clery Act. HCC Security Officers can be reached by calling 240-55-2308 or by stopping by the office at LRC 134.

TRAINING

HCC campus police officers receive annual In-Service training with the Washington County Sheriff's Office. This training meets the standards set forth by the Maryland Police & Corrections Training Commission. In addition to this, the campus police officers complete annual firearms training with the Sheriff's Office. Campus police officers are encouraged to complete additional training courses and attend seminars related to the field of policing at institutions of higher education.

POLICE & SECURITY SERVICES

The HCC Campus Police Department is comprised of sworn police officers and part-time security officers. HCC campus police officers are certified by the Maryland Police & Corrections Training Commission (MPCTC). Campus police officers are able to enforce Maryland traffic laws and make criminal arrests on the main campus of HCC. The police officers on campus carry police radios and are connected to the Washington County Emergency Communication Center. In the event of an emergency, call 911 and a campus police officer and/or a deputy from the Washington County Sheriff's Office, will be dispatched to your location. The police and security officers patrol the campus, investigate incidents, enforce all College traffic and parking regulations, and provide student escorts when needed. Campus police and security hours of operation are Monday through Friday 7:00 am to 10:00 pm and Saturdays from 8:30 am to 4:30 pm. To reach an officer in the event of a non-emergency, call 240-500-2308, or dial 2308 from any college phone. There are red phones located in most campus buildings. The phones will connect you with a campus police/security officer. The HCC Police Office is room LRC 134 located in the LRC Building. The office phone number is 240-500-2312. The Chief of Police can be reached at 240-500-2501.

During off hours, contact the Washington County Sheriff's Office non-emergency number 240-313-2100 or 911.

Other services provided by the police include, but are not limited to:

- Fire Prevention (fire extinguisher inspections)
- Emergency Operation Planning
- Crisis intervention
- Respond to and assist emergency medical responders
- Security surveys
- Crime detection and prevention
- Criminal investigations
- Roving patrols
- Parking coordination for special groups
- Student escorts (when needed)
- Assist students, faculty and staff motorists with dead batteries or keys locked in their car, without charge.
(Note: This service is provided at the officer's discretion)

ACCESS TO CAMPUS FACILITIES

During normal business hours the majority of the buildings and grounds are open to the public, provided there is no disruption to classes, staff or college events. To assure the college provides safety and security conducive for an institution of higher education, the college reserves the right to restrict access to any or all campus and non-campus buildings; parts of the campus or the entire campus as the need arises. After normal business hours the buildings are locked utilizing the electronic locking system and access to the buildings is prohibited except by authorized personnel. The electronic locks can be used to lock the exterior doors on one or all of the campus buildings from a remote location.

The normal business hours are Monday through Friday, 8 a.m. to 10 p.m. and Saturday, 8: a.m. to 4:30 p.m. The college is closed on Sundays, except for the Testing Center, and the Learning Support Center (LSC), which are open from 10:00 A.M. to 5:00 P.M. and a few classes may also be scheduled on Sunday. Access to the College facilities is limited to those areas and classes. The college is also closed on all official holidays recognized by the College. During inclement weather or extreme emergencies, the College may announce it is closed. Notification of such closures will be broadcasted on the College website, emails will be sent using the HCC email system, and text message will be sent using HCC Alert. HCC Alert is a cell phone text messaging system that is part of the Emergency Communication System

REPORTING A CRIME OR AN EMERGENCY

All students, employees and visitors of the College are encouraged to report crimes to HCC Campus Police. If you observe a crime in progress you can call 911. The Washington County Emergency Communication Center has the ability dispatch HCC Campus Police, allied law enforcement agencies and/or fire & EMS to the college campus if needed. If you are the victim of a crime you can report that to the HCC Campus Police. Campus police officers are trained to investigate and document criminal acts that occur on campus. Special consideration will be given to victims of a crime and allow for anonymous or confidential reporting. Campus police officers understand a victim of a sexual assault (misconduct/assault/harassment) may want to report the incident, but remain anonymous (Jane Doe Reporting). In this case, Campus Police would contact the Washington County Sheriff's Office to assist with the investigation. Personal identifying information will not be published and only shared with College officials on a need-to-know basis.

TO REPORT A CRIME:

- Emergency and/or life threatening – Call 911
- Non-Emergency request for Police/Security 240-500-2308 or 2308 from any College phone. This phone number is forwarded to the on-duty officer's cellphone
- To leave a message 240-500-2312 or 240-500-2334
- Email – Camppol@hagerstowncc.edu
- In person, Campus Police Office – Room 134 Learning Resource Center HCC Main Campus
- Red phones – there are red phones in most student-use buildings. These phones call directly to 240-500-2308

CAMPUS SECURITY AUTHORITY

Other than the HCC Police or Security Officers, a campus security authority is defined as an official with significant responsibility for students, campus activity, student discipline, control of college property or campus judicial. HCC recognizes the need to have non-law enforcement personnel assigned to the role of a CSA. Not everyone feels comfortable reporting crimes to police or security officers. HCC has designated positions that are responsible for collecting and reporting information on crimes that include: homicide, murder/non-negligent manslaughter, negligent manslaughter, sex offenses (rape, fondling, incest and statutory rape), robbery, aggravated assault, burglary, motor vehicle theft/attempted theft, arson, liquor law violations, domestic violence, dating violence, stalking and other crimes manifesting hate or bias. The campus security authorities at HCC are listed below:

- Executive Director of Human Resources 240-500-2259
- Dean of Students 240-500-2526
- Director of Athletics and ARCC 240-500-2367

In 2020 the Chief of Campus Police has been designated as the CSA coordinator at Hagerstown Community College. HCC is working on identifying specific positions on campus and assigning those positions as Campus Security Authorities. A Campus Security Authority PowerPoint training was developed in 2020 and will be utilized to train CSAs on campus. The training identifies the roles and responsibilities of a CSA and help prepare CSAs for reporting incidents.

DAILY CRIME LOG

The HCC Police Department maintains a daily crime log of all crimes reported. The log is available for public view in accordance with the 1998 amendments to the Campus Security Act. The log can be viewed in the Campus Police Office during normal business hours or an appointment can be made without charge. The HCC Campus Police Office located on the main campus in the Learning Resource Center, bottom floor, room 134. The most current 60 days of information is available and open to public inspection. HCC Campus Police retain archived records for the past seven years. Those records are available and access may be made by calling the Chief of Campus Police at 240-500-2501. The request can also be sent to ecbyers@hagerstowncc.edu. Requested information will be made available within two business days of the request for public inspection.

CRIME STATISTICS

Yearly the HCC Police prepare and disclose the crime statistics for Hagerstown Community College. Members from the Campus Police meet with the Title IX Coordinator (Dean of Students) to review the incident reports from the previous year. The group can review cases to determine incident classification and determine if the case meets the reporting requirements. In addition to this, the group shares information on cases to ensure all incidents were documented and reported. Prior to the submission of the ASR, an email is also sent out to the CSAs asking for all reports to be forwarded for review.

The HCC statistics reflect the enumerated crimes for the past three - year period occurring on campus, at specific off campus locations, and on public property reasonably contiguous to the campus, as mandated by the Jeanne Clery Act. The statistics are taken from the reports filed by the HCC Police, information furnished to the HCC Police by the Washington County's Sheriff's Department and the Maryland State Police Department regarding crimes reported to those agencies, and from notifications to the HCC Police or College Security Authority regarding the occurrence of an enumerated crime. All incidents reported to the HCC Police or College Security Authority are included in the Crime Statistics, regardless of whether or not the victim files charges or an arrest is made. In cases where the victim/complainant wants to remain anonymous, confidentiality is maintained, but the incident is included in the statistics. The Crime Statistics are part of this report and follow the written policies of the College.

SECURITY AWARENESS AND PREVENTION

Many departments and hundreds of people support the mission of the HCC Campus Police by actively promoting safety and security on this campus. However, a truly safe campus can only be achieved through cooperation of all college community members. A critical component of a security plan is the use of a security camera surveillance system. Security cameras are installed throughout campus to deter crime, assist with investigations and protect the safety of persons and property. The College respects the privacy of the campus community and adheres to all laws and best practices when utilizing the system.

Help keep the campus safe for yourself and others by reporting any suspicious activity, incident, or emergencies to the HCC Campus Police 240-500-2308.

CRIME PREVENTION TIPS:

- Be aware of your surroundings and alert to the presence of strangers
- Avoid potentially dangerous situations
- Park and walk in well lit and frequently traveled paths
- Avoid walking alone at night
- Utilize campus escorts by Campus Police/Security
- Know your exact location and be prepared to provide it to the 911 operator or HCC Police/Security
- Program the Campus Police number (240-500-2308) in your phone
- Always lock your vehicle and do not leave valuables in plain view
- Do not leave personal items unattended
- Always report suspicious activity to Campus Police – “If you see something, Say Something”.
- Reports about concerning behaviors can also be sent to HHC BIT team by completing a student assistance form. https://cm.maxient.com/reportingform.php?HagerstownCC&layout_id=5

REPORTING SUSPICIOUS ACTIVITY

To report suspicious activity please contact Hagerstown Community College Police Department at 240-500-2308. Describe specifically what you observed, including:

- Who or what you saw
- When you saw it
- Where it occurred
- Why it is suspicious

If there is an emergency, call 911

CRIME PREVENTION AND EDUCATION PROGRAMS

HCC Campus Police will provide crime prevention tips and training to students upon request. HCC partnered with the Department of Homeland Security to complete an infrastructure survey on the Career Programs Building. DHS performed a security assessment of one of the College buildings. This provided the College an outside assessment of the building to determine strengths and areas that required improvement.

ADDICTION AWARENESS

HCC has teamed up with the Washington County Health Department to provide regular NARCAN training on campus. The Behavioral Health Unit at the Washington County Health Department has also provided large doses of NARCAN to be distributed across the campus. HCC Campus Police have placed several doses of NARCAN in all the AED boxes. Those boxes are located in all of the student use buildings on campus. In addition to this, a NARCAN video was created at HCC with assistance from the local health department. This brief video describes the signs of an opioid overdose, provides information on NARCAN, and where it can be found on campus. The video also urges the viewers to reach out for help if they or someone they know are struggling with addiction. Hagerstown Community College has a Behavioral Intervention Team that can connect students or staff to resources to deal with someone that is struggling with an addiction.

Signs of an opiate overdose:

- Loss of consciousness
- Unresponsive to outside stimulus
- Awake, but unable to talk
- Breathing is very slow and shallow, erratic, or has stopped
- For lighter skinned people, the skin tone turns bluish purple; for darker skinned people, it turns grayish or ashen
- Choking sounds, or a snore-like gurgling noise (sometimes called the “death rattle”)
- Vomiting
- Body is very limp
- Face is very pale or clammy
- Fingernails and lips turn blue or purplish black
- Pulse (heartbeat) is slow, erratic, or not there at all

If you observe someone exhibiting one or more of these signs call 911 immediately and do not leave the person unattended. The important thing is to act right away. Be sure to visually inspect the scene to insure there are no safety hazards (needles or body fluids). If safe to do so, administer NARCAN. Hagerstown Community College has NARCAN located in all of the AED boxes throughout the campus. Latex gloves are located inside the AED boxes for use while administering the NARCAN. Hagerstown Community College offers NARCAN training to students, faculty and staff. For additional information on opioid misuse, prevention and training contact the Washington County Health Department Behavioral Health Services 240-313-3310.

SEXUAL ASSAULT AWARENESS

Sexual Assault training was provided in 2019 through the One Love Foundation. HCC partnered with the One Love Foundation to present an awareness program about dating violence. This program was presented to HCC Student Athletes. Members from the HCC BIT team worked on this project and helped facilitate the student training. In addition to this, the BIT team invited a guest speaker to HCC in April of 2019 to talk about male sexual assaults.

BEHAVIORAL INTERVENTION TEAM/CARE (BIT/CARE)

A BIT/CARE team is a team of student services personnel that meets regularly and receives and tracks reports of disruptive, problematic, or concerning behavior or misconduct. The BIT/CARE team responds to behavior reports made from faculty and staff across campus and follows up accordingly; when appropriate, this follow up involves performing threat assessments using NaBITA tools. This team also functions as a CARE team in providing intervention, support and follow up services to students in need of non-academic support. The BIT

Team utilizes a computing software system that allows faculty and staff to report concerning student behavior issues. The BIT team is focused on early detection, prevention and when needed intervention efforts to address concerning behavior. The BIT/CARE team may be called upon during an incident to assist the Crisis Management Team. BIT/CARE team members hold graduate degrees in counseling, social work, or a related field.

FIRE SAFETY

In 2019 HCC conducted a fire evacuation during the College for Kids camp held in June. The College activated the fire alarms inside the buildings and monitored the evacuation procedures. Staff members led the evacuated students out of the building to a safe location. Several members at HCC participated in online Crowd Manager training sponsored by the North Carolina Department of Insurance and Office of the State Fire Marshal. This specific training was suggested by the Office of the State Fire Marshal for the State of Maryland. This course dealt with fire safety and crowd control management issues.

- **Free Training** - The North Carolina Office of the State Fire Marshal has created a free, on-line training program for crowd managers. This training is recognized, and recommended by the Office of the Maryland State Fire Marshal. This is a self-paced training that takes about 20 minutes to complete. This program provides an understanding of basic fire codes and the principles of managing a crowd during a fire.
- **Crowd Manager Training Link** - www.ncdoi.com/OSFM/Fire_Safety_Programs/Default.aspx?-field1=Crowd_Manager_Training&user=Crowd%20Manager%20Training

BASIC FIRE SAFETY:

College buildings will be immediately and totally evacuated whenever building fire alarms are sounding. If you see or suspect a fire, remain calm and activate fire alarms. Report fires by phone from a safe place outside.

- Call 911 immediately from any on-campus, off-campus, or cell phone
- Give as much specific information as possible to the emergency operator
- Operators need to be told calls are for Hagerstown Community College, a specific campus location and building name, what is burning – if known, the floor and room number or other specific location information. Do not hang up unless it is unsafe to remain on the line. Report all fires, even if extinguished or found subsequent to being extinguished
- Report all fire alarms, even if they are suspected to be false or accidental. If safe to do so, shut off all machinery and equipment in work areas

Evacuate. Call 911 without delay. Do not attempt to fight fires. Close doors and windows if time permits. Assist others in evacuating the building, particularly those persons with special needs. IF ASKED TO EVACUATE, EVEN IF PROBLEMS ARE NOT OBVIOUS, IT IS YOUR RESPONSIBILITY TO COMPLY.

1. Leave buildings at once using nearest exits or stairways. Do not use elevators. Close as many doors as possible between you and the fire. Use the backs of your hands to feel doors and doorknobs before opening doors. Do not open if the door or doorknob feels hot. Crawl if there is smoke. Use secondary exits if primary exits are blocked. If you are trapped:
 - Stuff the cracks around doors with towels, lab coats, floor mats, etc. to keep as much heat and smoke out as possible.
 - Go to windows and if there is no sign of smoke or flames outside, open windows at the top. Signal for help by hanging a flag, (i.e., sheet, jacket, etc.), out of the windows.
 - Use available telephones to call 911 and the Campus Police and let them know your exact location.
 - Do not attempt to jump from multi-story buildings.
2. DO NOT USE THE ELEVATOR – Take the stairs.
3. Do not re-enter buildings for any reason until fire or police officials say it is safe to do so.
4. Render reasonable assistance to disabled persons. (See Evacuation Procedures – Disabled Persons.)
5. Gather at pre-designated assembly areas such as large grassy areas or parking lots in front or to the rear of the building. Do not assemble near fire hydrants or in the roadways that lead to the building. First responders need access to the hydrants and the buildings.

6. Take roll and report missing or unaccounted for individuals to first responders.
 - **Medical Emergencies – Call 911** - An Automated External Defibrillator or AED is a portable electronic device that automatically diagnoses the life-threatening cardiac arrhythmias of ventricular fibrillation and ventricular tachycardia in a patient and is able to treat them through defibrillation. AEDs make it possible for people to respond to a medical emergency where defibrillation is required. The built-in computer checks the victim's heart rhythm and calculates whether defibrillation is needed. Although formal training in the use of the AED is not required, it is highly recommended. AEDs are intended for use by the general public. The devices are programmed with audible prompts and warnings to guide the user through the process. Hagerstown Community College has AEDs that are located in buildings throughout the campus. An alarm will sound when the AED box is opened. This will not alert Campus Police or first responders. You must call 911 to request emergency medical services. Early activation of first responders is critical in saving lives. If you are using the AED, direct someone else to call 911.
 - The American Heart Association offers CPR and AED training through training centers. To locate a training center near you, call the nearest AHA office or 1-888-AHA-4CPR.

TIMELY WARNINGS & EMERGENCY NOTIFICATIONS

A crisis or an emergency on the college campus is generally defined as an incident or event that presents a significant threat to the operations and/or safety of the students, faculty, staff and visitors. A crisis may be sudden and strike the college with little or no advance notice. Those crises usually pose a health or safety threat, such as a fire, campus violence or a severe student injury. Hagerstown Community College's Crisis Management Team is committed to disseminating factual, timely and accurate information during a crisis or emergency. The Crisis Management Team and HCC Police have the authority to assess the situation, determine what immediate communication is needed and move forward to deliver that communication to campus community. The HCC Crisis Management Team is comprised of staff members and directors from several different divisions on campus. For example, if there is a major fire in an academic building, the HCC Police would be responsible for initial emergency communications (via HCC Alert, Valcom and Outdoor Siren) with the campus. In the absence of the chief, another member of the police department or a trained College administrator can send messages. HCC recognizes that no one system or person will enable the College to fully warn everyone in a timely manner because each system has limitations. It is imperative to utilize multiple systems and train staff to effectively broadcast the message to as many of the college students, faculty, staff and visitors. The College has adopted various modes of communications that can be used in an emergency.

Under the Clery Act, there are two specific alerting requirements that help keep the campus community informed about threats to their own safety and security: Timely Warnings and Emergency Notifications.

- **Timely Warnings** – HCC will issue a Timely Warning to the campus community in the event of crimes (i.e. criminal homicide, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft and arson) hate crimes, VAWA Offenses (domestic violence, dating violence and stalking) and arrests and referrals for disciplinary action (weapons, law violations, drug abuse violations, and liquor law violations). In determining if a Timely Warning should be issued the HCC Police and CMT will consider the nature of the crime, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Timely Warnings can be issued using any of the modes of communications (HCC Alert, Valcom PA System, College email, College website). When issued, Timely Warnings will include the date the alert was issued, a succinct statement of the incident, physical description of the suspect(s) and other relevant and important information.
- **Emergency Notifications** – Emergency Notifications have a broad applicability and will be used to notify the campus community of any “significant” emergency or dangerous situation. Emergency Notifications are limited to the situations that occur on the Hagerstown Community College Campus and satellite locations (Valley Mall/Truck Driving Range). Examples of situations that would warrant the issuance of an Emergency Notification are an armed assailant on campus, a terrorist incident, civil unrest on campus, a gas leak, a severe weather condition, serious illness or a hazardous waste spill. HCC will utilize multiple communication platforms to alert and inform the campus community.

EMERGENCY MASS NOTIFICATION

In the event of an incident that requires mass notification of a campus or the entire college community, the following modes of mass communication will be utilized.

The Chief of Campus Police, an HCC Police Officer and members of the Crisis Management Team, will determine the notification level after considering factors such as type of incident (weather, criminal, accident, etc.), speed of incident, effect on and/or proximity of incident to the college.

In a life-threatening emergency, such as an active shooter/active threat, fire/explosion, tornado, hazmat spill, etc. that directly affects life-safety of college constituents or visitors; any Crisis Management Team member or officer of HCC's Campus Police is authorized to send an HCC Alert, or other appropriate electronic warning, when the sender determines that the failure to act immediately may result in death or serious injury. This process complies with the mandates of the Clery Act, which dictates prompt notification (a Timely Warning) during the occurrence of a serious and continuing threat to the college community. When a Timely Warning message is created, the sender will ensure that the message contains (1) the nature of the threat (such as "Tornado impact imminent"), (2) prevention or safety information (such as "Take shelter in severe weather shelters. DO NOT leave your building or enter a vehicle").

TYPE OF MASS NOTIFICATION SYSTEM(S) UTILIZED:

Hagerstown Community College utilizes a combination of the following notification systems as appropriate for the determined level of crisis and the specific incident: audible outdoor siren, audible indoor PA system, indoor signboards, HCC alert system (Omnilert), HCC email, HCC website, mass media, HCC campus phone system. Based on the situation, HCC can utilize one or all of the emergency communication platforms to send a Timely Warning or Emergency Notification.

MESSAGE STRATEGY AND PROTOCOL FOR CRISIS COMMUNICATIONS

For all classification levels, an attempt to reach Campus Police should be made prior to issuing the initial Campus Alert. Cases involving personal safety and security, i.e. a shooting, fire or explosion, may necessitate contacting 911, Campus Police or the Crisis Management Team immediately after the Campus Alert.

Messages related to reported crimes and/or alleged criminal activity in most cases should be brief, general and non-descript, based only on confirmed facts. However, serious offenses considered to be an ongoing threat and safety risk may warrant release of descriptions that are detailed in nature. No photos, videos or other evidence will be released, unless specifically directed to share such evidence by the Washington County Sheriff's Office. Example: Robbery reported at HCC in the _____ Building. Police are investigating. Use caution.

Subsequent follow-up messages should be issued, if warranted to provide additional information and/or safety tips. If confirmed facts can allay fear, these should be included. Example: The reported sexual assault at HCC was an isolated incident involving persons known to one another.

Messages should not provide details about suspects who are part of the police investigation, unless directed to do so by the Campus Police or the Washington County Sheriff's Office, or when warranted to enhance the safety of the campus (as noted above).

When warranted and available, HCC can retweet and repost from WCSO Twitter and Facebook.

In the case of an active shooter or other major critical incident or disaster where the Washington County Sheriff's Office or Emergency Management has taken over Incident Command, Hagerstown Community College will follow the Washington County Sheriff's Office lead, retweeting and reposting from WCSO to ensure clarity and consistency of message.

SAMPLE MESSAGES FOR CRISIS COMMUNICATIONS (INCLUDING CAMPUS ALERTS):

- (Police/fire/other) activity reported at HCC. Stand by for more information
- Due to (police/fire/other) activity at HCC, the campus is on lockdown. Please do not come to campus. Stand by for more information
- (Police/fire/other) activity at HCC in _____ Building. Evacuate the area
- (Police/fire/other) activity at HCC in _____ Building. Shelter in place. Stand by for more information.
- Reported (type of emergency) near HCC. Avoid the area
- A person(s) with a (weapon) has/have been reported at HCC in/near _____ Building. Avoid the area. Police investigating. Stand by for further instructions
- HCC Police and/or Washington County Sheriff's Office investigating a reported incident (robbery/sexual assault/other crime) at HCC in/near (building). Use caution. Contact Campus Police at 240-500-2308 with information
- Earlier report of (crime) at HCC was unfounded. All alerts have been lifted
- Fire reported at HCC in _____ Building. Evacuate and avoid the area. Police and fire units are on the scene
- A hazardous spill/gas leak at HCC has been reported in _____ Building. Evacuate the area immediately.
- The hazardous spill/gas leak (where) has been resolved. It's safe to return to _____
- Severe weather warning near HCC. Seek shelter indoors
- A tornado sighted near HCC. Seek shelter immediately
- An earthquake reported in the vicinity of HCC. Evacuate the building and go to an open area away from the building
- Campus emergency at HCC has been resolved. All clear

SHELTER-IN-PLACE:

Sheltering-in-place means that individuals must seek immediate shelter inside buildings and remain there until emergency management officials issue additional instructions or declare that emergency conditions have ended-safesto. Stairwells are good locations to seek shelter in the event of a storm.

Basic Information

Sheltering-in-place is one of several options that are available to emergency management officials in the event of certain emergencies.

Sheltering-in-place is usually intended as a short-term option for limiting the potential exposure of persons to hazards that may be present outdoors. These situations may include, but are not limited to:

- Hazardous material (HAZMAT) incidents
- Weather emergencies
- Chemical, nuclear, or biological incidents caused accidentally or intentionally
- A criminal incident that occurs off-campus or adjacent to the campus

Notifications

Ways you may be notified to shelter in place include, but are not limited to:

- Alert sirens
- PA speakers or digital signboards
- E-mails and text messages via HCC Alert
- College telephone notifications
- Bullhorn or oral notification

Additional Actions

- Close all doors and windows to the outside
- Do not use elevators as they may pump air into or out of buildings (emergency-specific based on the type of hazard)
- Turn off all machinery and air handlers if appropriate

- If in laboratories, reduce all operations to safe conditions as quickly as possible, pull down sashes on chemical fume hoods, and discontinue laboratory processes that may create hazards if chemical fume hoods, bio-safety cabinets, or building ventilations systems are turned off.
- Limit the use of telephones so that emergency communications will not be hindered by non-essential calls
- Tune radios or televisions to Emergency Alert System (EAS) stations for further information
- Restrict outside access to the interior of the building if an exterior chemical or radiological exposure is suspected (keep contaminated persons from entering the shelter area)
- Do not go outside or attempt to drive unless you are specifically directed to evacuate
- Remain in place until college or emergency management officials tell you it is safe to leave or until information is announced through radio or television broadcasts alerting you that it is safe to do so.

EMERGENCY ALERT SYSTEM (EAS)/NATIONAL TERRORISM ADVISORY SYSTEM (NTAS)

All federally licensed broadcast stations and cable systems monitor the national EAS and their state-wide EAS. All participants in the EAS may also initiate their own, localized emergency messages.

You can listen to any local radio station or watch any local television station for national or state-wide EAS announcements. Washington County government has a local emergency alert system for citizens. This opt-in system provides text message alerts to members of the community. <https://member.everbridge.net/453003085613604/login>

The National Terrorism Advisor System (NTAS) provide information on homeland security issues and threats. DHS Distributes information regarding threats toward the United States. The types of advisories are Bulletin, Elevated Alert and Imminent Alert. Bulletins describe current developments or general trends regarding threats of terrorism. Elevated Alert warns of a credible terrorism threat against the United States. Imminent Alert warns of a credible, specific and impending terrorism threat against the United States. NTAS information can be found at <https://www.dhs.gov/national-terrorism-advisory-system>

LOCKDOWN PROCEDURES

In the event of a criminal or violent act that has been committed at HCC or in the adjacent areas near the campus, it may become necessary to lockdown campus buildings. When notified by the HCC Campus Police and/or the Crisis Management Team to lockdown, these procedures will be followed:

- All students, faculty staff and visitors will immediately seek shelter in the nearest room with a door (locking door if available)
- Close and lock all windows and doors. If door has no lock or cannot be locked manually from the inside, barricade with available items (desks, chairs, bookshelves etc.)
- If possible, cover all windows and door windows using shades or curtains
- Stay away from all doors and windows, move to interior walls and sit on the floor
- Turn off all lights
- Remain quiet/silence cellphone ringers and lock (or place phones face-down) to darken the screen
- Do not leave until instructed to by law enforcement personnel
- If outdoors, safely seek shelter in the nearest building and follow the above procedures

ACTIVE SHOOTER OR ACTIVE ASSAILANT

If you are involved in a situation where someone has entered the area and started shooting, or you hear shooting (or a disturbance), the following is a list of actions that are recommended. TAKE THESE ACTIONS WITHOUT DELAY!

It should be noted that these types of incidents are unpredictable. The guidelines below are recommendations that are based on past experiences and advice from the Department of Homeland Security. You may have to alter some of these responses, changing as conditions around you change, depending on the situation.

RUN - Exit the building immediately, (only if it is safe to do so). When safe to do so call 911

- If there is an escape route, evacuate immediately
- Leave your belongings behind
- Do not try to move wounded people
- Prevent others from entering the area

HIDE - Seek shelter in a safe location and await instructions from Campus Police, the Washington County Sheriff's Office, the Maryland State Police or any other readily identifiable police officer.

If exiting the building is not possible, the following actions are recommended:

- Go to the nearest room or office. Be aware of lockable sheltering room locations on your floor
- If safe, allow others to seek refuge with you
- Close and lock the door. If the door has no manual interior lock, barricade it with large, heavy, available items (desks, chairs, bookshelves etc.)
- Cover the door windows. Turn off lights. Close the blinds or shades to increase darkness in the room.
- Keep quiet and act as if no one is in the room. Stand along adjacent walls out of sight. Silence cell phones
- DO NOT answer the door
- Notify the 911 Operator of your location and status
- Treat the injured. Remember basic first aid – Utilize public access individual bleeding control kits (STOP THE BLEED) in the AED Boxes, see the MEDICAL EMERGENCIES section
- Wait for Campus Police or the Washington County Sheriff's Office/Maryland State Police to assist you out of the building

FIGHT. Defend yourself, or others, as if you are under attack and this action is your only option. Remember: you may only use force sufficient to stop and overcome the attack. The force you use may not be excessive or punitive. If able to do so, try and separate the suspect from the weapon. If the weapon is a long gun, try to take the gun to the floor and disarm the suspect. You should act quickly to disorient and disarm the suspect. Be aggressive and commit to your actions.

- Notify anyone you may encounter to exit the building or hide immediately
- Call 911
- Give the 911 operator the following information:
 - Your name, campus, and building
 - Location of the incident on campus (be as specific as possible: campus, building, floor, room number)
 - Identification or description of shooter(s)
 - Number of persons who may be involved. Direction of travel if they have left the building
 - Number of potential victims
- Police Response: Police are trained to respond to an active shooting incident by entering the building as soon as possible and proceeding to the area of the shooter(s). Officers will move quickly and directly. Early in an incident, officers may not be able to rescue people because their main goal is to get to the shooter(s)

Involved persons need to try to remain calm and patient during this time so as not to interfere with police operations. Bleeding Control Kits are located across the campus. These kits contain medical supplies used to control/stop serious bleeds. These kits are designed, and put in place to provide a means of lifesaving capability to those persons involved in an active assailant incident.

Cooperate with officers who may ask you information concerning the incident. Normally, a rescue team is formed shortly after the first responding officers enter the building. They will be the officers who will search for injured parties and get everyone safely out of the building. Follow all directions of officers at the scene or responding to the scene. Comply with orders given by officers.

Keep your hands in sight and do not make sudden moves towards officers.

GENERAL EVACUATION PROCEDURES

When evacuating your building or work area:

- Stay calm; do not rush and do not panic
- Safely stop your work
- Gather your ESSENTIAL personal belongings, including outerwear, keys and cell phone, only if safe to do so. (Reminder: take your prescription medications with you if at all possible; it may be hours before you are allowed back into the building)
- If safe, close your office door and window and lock them for security reasons
- Use the nearest safe stairs and proceed to the nearest exit. Do not use the elevator. Proceed to the designated Emergency Assembly Area unless the evacuation is for a bomb threat. In that case, assemble as directed by law enforcement officers and Evacuation Coordinators.
- Wait for instructions from emergency service workers
- Do not re-enter the building or work area until you have been instructed to do so by the emergency service workers.

ACTIVE ASSAILANT TRAINING

Hagerstown Community College participates in the Department of Homeland Security program, RUN, HIDE FIGHT. Officers are knowledgeable on how to deal with an Active Assailant and can provide group or individual training to students, faculty and staff. In 2019 members from Hagerstown Community College participated in an Active Assailant Tabletop Exercise. This exercise included a wide variety of participants from within the College and members from the local first responder community. This tabletop exercise was customized for a perceived incident at HCC and was developed in coordination with the Department of Homeland Security and the Office of Academic Engagement. In 2019 the Student Handbook featured a section titled, “How to respond if an active shooter is on campus”. This section provided information on RUN, HIDE and FIGHT. There was also information provided to the students about how to respond when law enforcement arrives and how to recognize the signs of potential campus violence.

Hagerstown Community College has joined the Stop the Bleed campaign and begun training its faculty, students and staff on how to control bleeding. Stop the Bleed kits are located inside all of the AED boxes on campus. The kits are there to use in the event of an accidental or non-accidental injury. The kits can be used in accidental situations involving cuts from glass or accidents in a lab. In the event of an active assailant incident these kits could be used to save lives. The kits contain tourniquets and special bandages that cause blood to clot. Hagerstown Community College has partnered with Meritus Health and the Health Care Coalition to train its students, faculty and staff.

EMERGENCY OPERATIONS PLAN

The safety and security of the college community are of vital concern. Hagerstown Community College is committed to providing and maintaining a safe environment for all employees, students, visitors and guests. The college has developed an all hazards approach to managing disasters/emergencies (“emergency incident”) to include mitigation, preparedness, response and recovery.

The Emergency Operations Plan (EOP) was prepared by Hagerstown Community College to develop, implement, and maintain a viable all hazards response capability and to establish a comprehensive approach to providing consistent, effective, and efficient coordination across a spectrum of activities. The EOP draws upon the nationally recognized standards of the National Incident Management System (NIMS) and the Incident Command System (ICS) developed by the Department of Homeland Security/Federal Emergency Management Agency. The EOP supersedes all previous plans.

The purpose of developing this Emergency Operations Plan is to define and describe the process taken by the College community to effectively prepare/plan for, mitigate, respond to and recover from various critical incidents, major events, emergencies, or disasters that may affect lives, property, and the institution.

RESPONSE

Concepts presented in the Emergency Operations Plan (EOP) consider the full spectrum of responses, from minor incidents to a total involvement from destructive impacts. Some incidents or events will be planned or preceded by buildup periods that, if recognized and analyzed effectively, can provide advance preparation or warning to individuals on campus who might be affected. Other emergencies occur with little or no advance warning, requiring mobilization and commitment of campus resources just prior to or after the onset of the emergency. All available elements of the Emergency Operations Plan organization must respond promptly and effectively to any foreseeable emergency. The Emergency Operation Plan is designed to effectively coordinate the use of College and community resources to protect life and property both during and immediately following a major crisis or disturbance on or near the Hagerstown Community College or its offsite locations. It shall be placed into operation whenever an emergency affecting the College cannot be controlled by using daily operating procedures.

HCC has created an emergency response plan for the following events:

Active Shooter	Weather Emergencies	Bomb Threat
Civil Disturbance	Fire Emergencies	Haz Mat Incident
Infrastructure Failure	Medical Emergencies	Opioid Overdose

DRUG AND ALCOHOL ABUSE POLICY

Hagerstown Community College supports the efforts of the State of Maryland and the United States to provide workplaces and learning centers free of illegal drug and alcohol use. The College supports the Federal Drug-Free Workplace Act of 1988, the Federal Drug-Free Schools and Communities Act Amendments of 1989, and drug and alcohol abuse policies of the Maryland Higher Education Commission.

It is the College's intention to provide and maintain a work environment for the employees and students that is drug-free, healthful, safe, and secure. Employees are expected and required to report to work each day, on time, in an appropriate mental and physical condition, free of any illegal drugs/alcohol, and capable of fulfilling their daily duties. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance (as defined by the Controlled Substance Act 21 U.S.C. section 802 and further defined at 21 D.F.R. sections 1300.11 - 1300.15) and the unlawful possession, or use of alcohol on College property or as part of any College activities off-campus is absolutely prohibited. Any unlawful activity with controlled substances or alcohol by students or employees while involved with a college activity, on or off the campus, will not be tolerated.

Certain student financial aid awards may only be made if the student is willing to certify or pledge that they will not engage in unlawful activities with regard to drugs and alcohol.

HEALTH RISKS

Although the College recognizes drug/alcohol dependency as an illness and a major health problem affecting society, it also recognizes illegal drug use and activity as a potential health, safety, and security problem. Students and employees requiring assistance to deal with drug or alcohol abuse or dependency are encouraged to seek counseling and/or medical assistance through the use of the College's health insurance plan, as may be appropriate, or through the Student and Employee Assistance Program which offers counseling and referral. The following is a brief description of several drugs and their health risks.

1. **Alcohol:** When alcohol is abused, the consequences to the body can be severe. All systems of the body are affected. The effects on the central nervous system include poor memory, premature aging of the brain, and loss of reasoning ability. There is also the possibility of an increase of cancer of the mouth, larynx, and the esophagus along with the possibility of heart rhythm disturbances. In addition, alcohol abuse can lead to significant liver damage.

2. **Marijuana:** Users often have chronic bronchitis and run the added risk of lung cancer. Heavy users, especially among the young adult population, may show slow and confused thinking, loss of energy, and physical discomfort caused by abdominal cramps and diarrhea. Other side effects associated with chronic use of marijuana are chromosome damage, decreased levels of the male sex hormone, and brain damage.
3. **Cocaine:** Cocaine abusers often have a stuffy, runny nose with eczema around the nostrils and possible perforation of the nasal septum. In addition, cocaine can cause delirium, hallucinations, blurred vision, severe chest pain, muscle spasms, convulsions, and even death.
4. **Amphetamines:** These drugs can cause very rapid or irregular heartbeat, tremors, loss of coordination, collapse, and even death from heart failure or from burst blood vessels in the brain. Heavy users are prone to irrational acts.
5. **Heroin:** This is an opiate drug that causes the body to have diminished pain reactions. Some of the risks associated with the use of heroin include slowing of the heart rate so much that coma and death can be induced. In addition, chronic constipation and depression of male and female sex hormones are other associated risks from heroin.
6. **Prescription Drugs:** These drugs are not illicit if they are used in accordance with the prescription. However, sharing prescription medication with someone else is illegal and could be very harmful.

STUDENT & EMPLOYEE RESPONSIBILITIES

As a condition of employment, College employees must abide by the terms of this statement. In addition, employees have an affirmative duty to report any conviction under any criminal drug or alcohol abuse statute or other law within five days of conviction. This duty to report is required whether the criminal violation occurred on or off campus.

Violations of this policy statement shall be immediately addressed by the College and may result in disciplinary action which could include expulsion for students or termination for employees. The College may also refer violations for criminal prosecution by civil authorities where circumstances warrant.

INTERVENTION & REFERRAL

Hagerstown Community College's drug/alcohol abuse policy focuses primarily on prevention through early intervention, providing referral services and education as needed.

1. *Hagerstown Community College Employees*
 - Any intervention by a supervisor in a drug/alcohol related situation pertaining to a member of the college faculty/staff must be directly related with job performance or an on-campus problem arising from drug/alcohol abuse
 - Due to the sensitive nature of drug/alcohol abuse problems, individuals suspected of substance abuse will be approached only by their immediate supervisor and only after reasonable cause has been shown. The employee will be approached in a caring manner and in an atmosphere of strict confidence
 - The availability of counseling will be discussed. The supervisor and/or Personnel Officer may contact the counseling agency to confirm that the employee has made and kept the appointment
2. *Hagerstown Community College Students*
 - Intervention by an instructor, advisor, or supervisor in a drug/alcohol related situation pertaining to a student must be associated with the student's academic performance, an on-campus problem, or performance or problems occurring during a College-sponsored off-campus activity
 - Students suspected of substance abuse will be approached by the instructor, advisor, or supervisor in a caring manner. If circumstances warrant, the student may be reported and processed according to the Code of Student Conduct and Student Discipline Policy as set forth in the Student Handbook. The student may be referred to the counseling agency via outreach from a campus BIT/CARE team member. In certain circumstances, the Dean of Students may require confirmation from the counseling agency that the student has made and kept appointments

EDUCATION

Education will include periodic student activities/engagement events, seminars, College courses, and brochures which describe the hazards of drug use and abuse. Referral resources, including a list of agencies in the area which may be called for counseling services, is available via the BIT/CARE team, Dean of Students, or Campus Police.

Information concerning drug and alcohol abuse is a part of new student orientation. Information pamphlets are available to College employees through the Human Resources Office. Brochures on the Employee Assistance Programs are directly mailed to all employees annually.

EARLY INTERVENTION AND REFERRAL

Early intervention and referral services will be provided to employees and students by the Employee and Student Assistance Programs. Free short-term counseling and referrals to agencies and private practitioners will be included. Training sessions for supervisors also will be conducted so that employees with substance abuse problems can be identified and helped.

DISCIPLINARY ACTION

Disciplinary actions play a secondary role to education, counseling, and guidance however;

1. Should the offender be an employee of the College, the charges will be submitted in writing and signed by the person(s) making the charges, and submitted to the appropriate administrator, and action taken will be in accordance with current disciplinary policy.
2. If an employee found to be in violation of said policy refuses to cooperate with the College by using the Employee Assistance Program for counseling or referral, appropriate personnel action will be taken up to and including termination.
3. Should a student violate the College drug/alcohol abuse policy, action may be taken in accordance with the Code of Student Conduct and the student discipline policy in the Student Handbook.

DRUG/ALCOHOL FREE ENVIRONMENT POLICY (#5092)

Policy (#5092) Policy Approved, Board of Trustees: September 21, 2004

Hagerstown Community College will maintain a safe, healthy, and productive environment free of alcohol and drugs for all employees and students. The College endorses the provisions of the Drug Free Workplace Act of 1988 and any applicable regulations by government agencies with respect to drug abuse and thereby establishes a drug-free and alcohol-free work place and learning environment.

It shall be unlawful and prohibited for an employee to manufacture, distribute, dispense, possess or use controlled substance or illegal drugs on College property, in a College vehicle, or while engaged in the discharge of College duties on College premises.

Compliance with the standards set forth in this policy is mandatory. The College will refer violations to law enforcement officials for prosecution where appropriate and take necessary disciplinary action against the offender up to and including dismissal. The College may require the employee to satisfactorily participate in drug or alcohol abuse assistance or rehabilitation.

Alcohol Possess and Use on Campus Property Policy (#8020)

Policy Approved, Board of Trustees: April 23, 2019

With the written approval of the President, alcohol may be served on college property for functions such as banquets, dinners, receptions, and fundraisers. When alcohol is permitted all laws and regulations governing the use and possession of alcohol must be observed. No other use or possession of alcohol on College property is permitted.

Student Drug and Alcohol Abuse Policy, excerpts from (#4041)

Policy Approved, Board of Trustees: June 24, 2014

The College, recognizing that drug and alcohol abuse present serious threats to individual health and community safety, strives to maintain a campus free from the illegal use and abuse of alcohol, and from the use, possession or distribution of illegal drugs. Drugs and alcohol will not be allowed to interfere with student learning or extra-curricular activities. The College strictly enforces state and federal laws that prohibit illegal drug and alcohol use, such as the Federal-Drug-Free Workplace Act of 1988, the Federal Drug-Free Schools and Community Act Amendments of 1989, and the drug and alcohol abuse policies of the Maryland Higher Education Commission. All HCC students are covered by this drug and alcohol abuse policy. Some College programs or activities, such as nursing or intercollegiate athletics, may have additional “drug free” requirements externally and/or internally imposed on students.

SEXUAL MISCONDUCT POLICIES

Hagerstown Community College is committed to having a positive learning and working environment for its students and employees and will not tolerate sexual harassment or sexual violence.

Student Misconduct Policy (#8071)

Policy Approved, Board of Trustees: September 15, 2020

Hagerstown Community College complies with current Title IX sexual harassment and discrimination regulations, as is mandated by Federal and state regulations, including published regulations from the United States Department of Education Title IX of the Education Amendments Act of 1972. In addition, some forms of sexual misconduct violate the criminal laws of the State of Maryland. The College is committed to taking necessary measures in an effort to prevent incidents of sexual misconduct and to taking action to support all parties involved, ensure a fair review process for all parties involved, and take appropriate action should an incident be reported.

Sexual misconduct is an umbrella term that encompasses various types of prohibited conduct, including sexual harassment, sexual assault, domestic violence, dating violence and stalking.

Hagerstown Community College will not tolerate acts of sexual misconduct in any form and will maintain procedures compliant with Federal and state regulations; procedures can be found in detail on the College’s web page.

TITLE IX COMMITTEE

Anyone who has experienced sexual misconduct may report the incident to any HCC employee, who shall promptly report the alleged incident to a supervisor, the Title IX Coordinator, or a Deputy Title IX Coordinator.

Before a complainant reveals information that he/she may wish to keep confidential, the employee will inform the complainant that he/she is a required Title IX reporter and as such, will have to inform a supervisor, the Title IX Coordinator, or a Deputy Title IX Coordinator about this alleged incident. No HCC employees are considered “confidential employees.” Employees must report all relevant details about the alleged sexual misconduct that the complainant has shared.

If a complainant wants confidentiality, then he/she should be referred to a health care provider or licensed counselor. Confidential reports are accepted at CASA (Citizens Assisting and Sheltering the Abused), www.casainc.org/programs.html, 301-739-4990, 24 hour hotline: 301-739-8975.

A complainant may also make a report directly to anyone on HCC’s Title IX Committee, which consists of the Title IX Coordinator and several Deputy Title IX Coordinators:

Dr. Christine Ohl-Gigliotti, Dean of Students

Title IX Coordinator

HCC - Student Center Room 142

11400 Robinwood Drive

Hagerstown, MD 21740

240-500-2526 or caohl-gigliotti@hagerstowncc.edu

Ms. Jennifer Childs, Executive Director for Human Resources

Deputy Title IX Coordinator

HCC - Administration and Student Affairs (ASA) Building Room 700

11400 Robinwood Drive

Hagerstown, MD 21740

240-500-2259 or jachilds@hagerstowncc.edu

Mr. Robert Rohan, Director of Athletics, Physical Education & Leisure Studies

Deputy Title IX Coordinator

HCC - Athletic, Recreation and Community Center (ARCC) Room 210

11400 Robinwood Drive

Hagerstown, MD 21740

240-500-2367 or rcrohan@hagerstowncc.edu

Dr. Carol Rothstein, Dean of Instruction

Deputy Title IX Coordinator

HCC - Learning Resource Center (LRC) Room 313

11400 Robinwood Drive

Hagerstown, MD 21740

240-500-2437 or carothstein@hagerstowncc.edu

Ms. Jaime Bachtell, Coordinator of Disability Support Services

Deputy Title IX Coordinator

HCC – Student Center, Room 115

11400 Robinwood Drive

Hagerstown, MD 21740

240-500-2273 or jlbatchell@hagerstowncc.edu

A member of the Title IX Committee will ensure that the complainant:

- receives a copy of the Sexual Misconduct Policy and Procedure
- is advised of the option to notify law enforcement and is assisted in doing so if desired
- is advised of HCC’s investigative obligations and process
- is advised that even if the complainant chooses not to pursue the complaint, HCC may proceed with its investigation
- is advised of available interim measures
- is advised about available resources for counseling, health, mental health, victim advocacy, and legal assistance.

TITLE IX / SEXUAL MISCONDUCT SUPPORT MEASURES

Hagerstown Community College will offer and implement appropriate and reasonable supportive measures to the parties upon notice of alleged sexual harassment, discrimination, and/or retaliation. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties to restore or preserve access to the College’s education program or activity.

The Title Coordinator promptly makes supportive measures available to the parties upon receiving notice or a complaint and ensures both parties are in control of what supportive measures they want to receive. At the time that supportive measures are offered, the Title IX Coordinator or a Deputy Title IX Coordinator will inform the Complainant, in writing, that they may file a formal complaint either at that time or in the future if they have not done so already. The Title IX Coordinator or a Deputy Title IX Coordinator will document, in writing, the supportive measures offered to any student or employee.

The College will maintain the privacy of the supportive measures, provided that privacy does not impair the College's ability to provide the supportive measures. Hagerstown Community College will act to ensure as minimal an academic impact on the parties as possible. HCC will implement measures in a way that does not unreasonably burden the other party. These actions may include, but are not limited to:

- Campus Police assistance with transport to the nearest hospital
- Referral to the Employee Assistance Program (employee complainants)
- Referral to the HCC CARE team (student complainants)
- Referral to counseling, medical or community-based service providers
- Visa and immigration assistance
- Student financial aid counseling
- Education to the community or community subgroup(s)
- Altering work arrangements for employees or student-employees
- Safety planning
- Providing campus safety escorts
- Implementing contact limitations (no-contact orders) between the parties
- Academic support, extensions of deadlines, or other course/program-related adjustments
- Timely warnings
- Class schedule modifications, withdrawals, or leaves of absence
- Increased security and monitoring of certain areas of the campus
- Public Safety assistance with filing a protective order with the nearest police jurisdiction
- Any other actions deemed appropriate by the Title IX Coordinator

Violations of no-contact orders will be referred to appropriate student or employee conduct processes for enforcement.

GETTING HELP FOR SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE, AND/OR STALKING

Being a victim of crime is a traumatic experience that may have physical and psychological effects. It is important for anyone who has been the victim of a sexual assault, dating violence, domestic violence, or stalking to go to a safe place and seek assistance as soon as possible.

HCC encourages any person who believes he or she has been a victim of a sexual assault, dating violence, domestic violence, or stalking occurring at HCC or during the course of HCC-sponsored activities to call HCC's Campus Police (240-500-2308 or 240-500-2312) as soon as possible. Campus Police are available every day that the College is open and when campus activities are scheduled; specific hours of operation can be found at hagerstowncc.edu.

HCC's Campus Police will inform a victim of sexual assault, dating violence, domestic violence or stalking of the right to notify the appropriate law enforcement agency to file criminal charges and the importance of preserving evidence associated with the crime. With the victim's consent, the HCC Campus Police will notify the Washington County Sheriff's Department to conduct an official criminal investigation of any allegation and where appropriate will arrange for the victim to be transported to Meritus Medical Center for medical evaluation and treatment.

Student victims will be connected with a member of the HCC Student Behavioral Intervention / CARE Team for support and assistance through the reporting process. The BIT/CARE Team will also provide the student victim with resources and refer him/her to professionally trained counselors who are specifically experienced in dealing with sexual offense crises.

Only those HCC employees with a legitimate need to know will be informed of the incident. Normally that will include the Title IX Coordinator, the Dean of Students, and the Vice President of Academic Affairs and Student Services.

Preserving physical evidence is critically important to the sexual assault legal process. The collection of evidence from a crime is based upon a scientific principle that states that whenever two surfaces come in contact there will be an exchange of material. Physical evidence, such as DNA from semen, saliva and skin cells, and fingerprints, hair, and fibers are all types of evidence that can be transferred from the suspect to the victim and from the victim

to the suspect. It is important that evidence be collected in a timely manner, free from contamination, and stored properly in order for that evidence to be used in criminal proceedings. The victim of a sexual assault should not change clothes, smoke, bathe/shower, urinate, douche, wash hands, brush teeth, eat or drink before the evidence can be collected.

If a victim of sexual assault elects to go to the hospital, an advocate or designated hospital staff member will provide the following options:

- report to police and receive a forensic exam
- receive a forensic exam as an anonymous report
- receive medical treatment only

Sexual Assault Forensic Evidence (SAFE) kits are collected by a trained Forensic Nurse Examiner (FNE). FNEs are nurses, not law enforcement personnel, who have been specially trained in the collection of sexual assault evidence.

A victim may decline to have a SAFE kit collected or may elect to have a kit collected as an anonymous reporting (i.e., “Jane Doe” kit). Anonymous reporting/Jane Doe kits allow the victim of a sexual assault to have a SAFE kit collected without having to report the crime to law enforcement. The evidence will be collected, given a tracking number, and stored for future use. It is important to note that Jane Doe kits are merely stored for potential use if the victim decides in the future to make a report. The evidence is not examined at the time it is collected; therefore, investigative leads, such as identifying a suspect, are not developed.

If the anonymous report option is selected, the victim will be told:

- the benefits of anonymous reporting (e.g., time to weigh options before participating in the criminal justice system);
- the drawbacks of anonymous reporting (e.g., challenges for the investigation and prosecution)
- the length of time for which evidence will be stored
- who to contact, and how, if the victim decides to report

For more information on anonymous reporting, visit the Governor’s Office of Crime Control and Prevention’s website: goccp.maryland.gov/victims/.

Sexual Misconduct Educational and Training Resources

HCC Campus Police works with Student Affairs to provide resources and educational opportunities, including crime prevention programs and services:

- BIT/CARE Team sponsors an annual educational program on healthy relationships. One Love Escalation Workshop, in remembrance of Yardley Love, raises awareness about dating and domestic violence. Strongly encouraged for student athletes, available to all students.
- Students & Sexual Assault – Legal and Practical Issues brochure available to students at new student orientation.
- Title IX training is offered by the Title IX Coordinator to all new employees.
- Title IX information is shared with all new students during new student orientation, with all student athletes annually, and with all students at the beginning of every semester.
- Sexual harassment and misconduct training is completed annually by all employees

The following additional efforts to prevent sexual misconduct are in place in the Athletics Department:

- All coaches and other staff receive a copy of the HCC Sexual Misconduct Policy and Procedure and review it once a year at an annual staff meeting
- The Athletic Handbook references the HCC Sexual Misconduct Policy and Procedure
- Head coaches review the HCC Sexual Misconduct Policy and Procedure with student-athletes on their respective teams during the team’s preseason meeting
- Student athletes are encouraged to annually attend a One Love Escalation Workshop and a student athlete leadership meeting, during which they are informed about the HCC Sexual Misconduct Policy and Procedure; hard copies are made available upon requests

CRIME STATISTICS

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act mandates the manner in which statistics are to be collected and the format in which statistics are to be published. Recent amendments to this Act changed the collection and publication process. The new format is used for statistics beginning in calendar year 1998. The statistics for 1997 are in the old format.

Unfounded Case for the Record

* 19-A000 False report of Rape no crime occurred on campus

**19-A009 Unfounded Stalking Report

Hate crimes include all of the above reported crimes and include crimes of larceny-theft, simple assault, intimidation, vandalism,/damage/ destruction of property, motivated by a bias from one of the bias categories. (Race, Religion, Sexual Orientation, Gender, Gender Identity, Ethnicity, National Origin & Disability)

Reports are classified as either On-Campus, Non-Campus Buildings, or Public Property.

On-Campus -HCC Main Campus 11400 Robinwood Drive, Hagerstown, Maryland 21742

<https://www.hagerstowncc.edu/docs/facilities-management-and-planning/campus-map-parking>

Non-Campus Buildings – HCC Training Center 17301 Valley Mall Road, Hagerstown, MD 21740

Non-Campus Building – HCC Commercial Vehicle Transportation Range 14547 Industry Drive, Hagerstown, MD 21742

Public Property – “All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.” ~ The Handbook for Campus Safety and Security Reporting. The Washington County Sheriff’s Office has primary law enforcement jurisdiction on the public property surrounding the Main Campus. The Sheriff’s Office handles reporting at the Non-Campus locations and the surrounding Public Property. Crime statistics are obtained from the Washington County Sheriff’s Office for those locations. A request for crimes stats is also made to the Maryland State Police, Hagerstown Barracks.

REGISTERED SEX OFFENDER INFORMATION

Registered sex offenders are required to meet with Campus Police and Dean of Students before registering for any classes at HCC Sex offender information can be obtained from the Maryland State Sex Offender Register, (SOR). The registry can be found in the Department of Public safety and Correctional service website: <http://www.dpscs.state.md.us/onlineservs/sor/>

CRIME AWARENESS AND CAMPUS SECURITY ACT CRIME DEFINITIONS

Clery Act Crime definitions

Definitions used by the United States Office of Education come from the FBI's Uniform Crime Reports (UCRs). These are used to report the crimes identified via the Clery Act.

For a copy of the 2016 edition of The Handbook for Campus Safety and Security Reporting go to the following link: <https://www2.ed.gov/admins/lead/safety/campus.html>

Arson - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Criminal Homicide - Murder and Non-negligent Manslaughter: The willful (non-negligent) killing of one human being by another.

Criminal Homicide – Manslaughter by Negligence: The killing of another person through gross negligence.

Robbery - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Note: It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Burglary - The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft - The theft or attempted theft of a motor vehicle (defined as any self-propelled vehicle on land). This includes cases where persons do not have lawful access even though the vehicles are later abandoned, to include joyriding.

Larceny/Theft - The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Attempted larcenies are included.

Simple Assault - An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Intimidation - To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism of Property - To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Hate/Bias Crimes - Any criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. All such crimes should be reported to Office of Public Safety. The Clery Act includes the following categories in this area: race, religion, sexual orientation, gender, gender identity, ethnicity, national origin, and disability.

Hate crimes include any of the following offenses that are motivated by bias: Murder and non-negligent manslaughter, sexual assault, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, and destruction of property/vandalism.

Sex Offenses Definitions

Rape - Rape is the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Incest - Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape - Sexual intercourse with a person who is under the statutory age of consent.

Dating Violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence - A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Stalking - Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

Drug, Liquor & Weapons Violations Definitions

Liquor Law Violations - The violation of state or local laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of alcoholic beverages, not including driving under the influence and drunkenness.

Drug Abuse Violations - The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. Arrests for violations of State and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone's); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

Weapon Law Violations - The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.
