1. **Approval of Minutes from Last Meeting**

The January 27<sup>th</sup> ASOAC meeting minutes were approved as written.

2. **Open Issues**

- a) Review draft of charge on number of academic programs
  - Dr. Renninger informed the group the draft of the charge to limit the number of academic programs a student can be active in at one time has been approved by the president. C. Baer suggested a minor change to the wording under “Mission or Charge” be made so the charge would be more accurately described. The group had a brief discussion regarding how limiting the number of academic programs a student can be active in at one time will impact faculty advising responsibilities.
- b) Decide how to move forward on charge (divide tasks) for next meeting
  - It was decided that group members would reach out to colleges within the MACC to see if they have a policy in place for limiting the number of academic programs students can be active in at one time.

**Future Meetings:** *March 24<sup>th</sup>*
