*Early College Degree Program*

Dear Parent/Guardian,

As you may already be aware, Washington County Public Schools and Hagerstown Community College have established an Early College Degree Program (formerly Middle College) which allows college-ready high school students the opportunity to earn college credits and credentials while completing their high school diplomas. You are receiving this packet of information because your child has been identified as a high-performing student who may want to consider this important educational option.

Please review the enclosed materials and contact your high school counselor if you are interested in pursuing this opportunity or learning more.

Sincerely,

Teresa L. Thorn, MA  
Early College Degree Program Coordinator  
HCC Early College Degree Program  
240-500-2483

*Stay close. Go far.*
