

# Associate-to-Bachelor's (ATB) Degree Completion Option

## ATB 1.0 – Fall Start

### **General Information for this Online/Hybrid Model**

#### **I. General Program Information**

This dual enrollment option is available to eligible students once they are accepted to the Hagerstown Community College (HCC) Registered Nursing Program. Admission is competitive and based on completed courses and grade point average (GPA). Students will be enrolled as degree students at HCC and Towson University (TU) and begin to take TU courses during the Nursing Program at HCC. Once the Associate of Science (A. S.) Degree is awarded at HCC, students will take the nursing licensure exam (NCLEX-RN) and continue coursework at TU to complete the Bachelor of Science (B. S.) Degree.

Ninety percent of the TU curriculum could be offered online or hybrid depending on student interest and enrollment. The practicum course in the final term (NURS 489) requires an in-person clinical component. Students may choose their preferred course format for the required upper-level electives at TU.

The program length is up to 9 terms, including winter and summer terms. It will take approximately 2.5 years to complete both degrees. HCC courses will be held at the Hagerstown Community College campus in Hagerstown, MD. Most TU courses will be held online or in a hybrid format at the University System of Maryland Hagerstown (USMH) Center in Hagerstown, MD.

Two degrees will be awarded: A.S. from HCC and B.S. from Towson University. A minimum of 30 credits must be completed at TU for the B.S. degree. Advisors will be available from both HCC and TU. Financial aid will be arranged through Towson University Office of Financial Aid.

#### **II. Program Admission Requirements**

- A. Admission to HCC Nursing Program (selective process based on courses completed, GPA, and TEAS score)
- B. GPA of 3.0 or higher in HCC required admission courses
