Workforce Training Certification (WTC)

Designed to guide students toward meeting their career goals.

Scholarship Available

For some Workforce Solutions and College for Kids programs.

Online, Hybrid, or Remote

Some classes may have meeting times. See class details for specifics.

Lifelong Learning Institute

Discounts for some classes to seniors (60+) in MD, DE, and PA.

Summer Youth Programs

Are you ready for camp?

REGISTER

1. Please read our current health and safety protocols, which all staff and campers are required to follow, at hagerstowncc.edu/youth-programming. Protocols are subject to change based on federal, state, local, and camp guidance.
2. Confirm your child meets the grade or age requirements for the class section selection. The grade listed refers to the grade your child will be entering the next school year. Please note any special requirements for our Discovery Academy camps.
3. Register:
 - Online at hagerstowncc.edu/youth-programming
 - By phone at 240-500-2236, extension 1
 - By mail or in person (see registration form at back of schedule)

*Use your child's name and birth date when registering, not your own.

REQUIRED FORMS

All health and student information will be collected by CampDoc. You must provide a valid email address when registering for a CFK course. Camp documents will begin on March 1, look for an email from register@campdoc.com. All forms must be completed two weeks prior to camp. Students may be dropped without a refund if documents aren't completed.

- Returning campers must update and resubmit forms each year.
- Questions? Call 240-500-2355 or email cfk@hagerstowncc.edu.

CONFIRMATIONS

- Confirmation of registrations will be sent by email.
- Check that your child is enrolled in the correct camp and week.

FINAL STEP

- A campus map can be found on HCC's website. Monday morning check-in will take place in the lobby of the Career Programs Building.
- Check the check-in lobby directional board and with the staff on Monday morning before going to your child's classroom for the most accurate location information.

SPECIAL ACCOMMODATIONS

If your child has a documented disability (learning, physical, psychiatric, medical, or behavioral), this **MUST** be disclosed on the health form. Someone from HCC's Disabilities Support Services (DSS) office will contact you prior to the start of class to discuss your child's needs and potential accommodations that may be necessary. If you have questions or need to contact the DSS Office, call 240-500-2273.

Summer Youth Programs

Know Before You Go!

EXTENDED SERVICES

Before Care and After Care are available for an additional \$30 each per week. Registration is required. Before Care runs from 7:30 to 8:45 a.m. and After Care is from 4:15 to 5:30 p.m. Staff will accompany students to/from their classroom.

STUDENT'S GRADE LEVEL

Grades listed refer to the grade your child will be entering in the next school year.

REQUIRED FORMS

All health and student information will be collected by CampDoc. You must provide a valid email address when registering for a CFK course. All forms must be completed two weeks prior to camp. Students may be dropped without a refund if documents aren't completed.

- Returning campers must update and resubmit forms each year.
- Questions? Call 240-500-2355 or email cfk@hagerstowncc.edu.

LUNCH & SNACKS

Lunch will take place in the Student Center. Campers are encouraged to pack a lunch that does not require refrigeration. Lunch can be purchased from the Hilltop Grill's College for Kids menu. Please check the CFK website and watch your email for more details on purchasing lunch.

SECURITY & SAFETY

Hagerstown Community College is committed to providing a safe learning environment for its students.

- Parents or guardians must sign their child in and out of class each day.
- Students are escorted to and from all activities.
- Staff will escort students who are not picked up 15 minutes after camp ends to the Career Programs Building, Room 232.

QUESTIONS

If you need additional information, view the FAQs and parent handbook found on our website at hagerstowncc.edu/youth-programming, or contact our staff at cfk@hagerstowncc.edu.

Summer Youth Programs

GRADE 1

Little Botanists & Bugs

Welcome to the exciting world of plants and insects! Join us as we discover the wonders of botany and the fascinating lives of bugs through hands-on activities, observations, and creative projects. Little Botanists & Bugs will help you learn about plants and insects' vital roles in our environment.

Total: \$199

CFK-515-A	M–Th 9am–4pm <i>J. Nearchos</i>	Jun 15–18
-----------	------------------------------------	-----------

NEW! Sensory Explorers

Step into a world of color, texture, sound, and imagination! Sensory Explorers is a joyful, hands-on class designed to explore the five senses through the magic of art. Your young artist will dive into exciting projects that awaken sight, sound, touch, taste, and smell—turning everyday experiences into creative masterpieces.

Total: \$199

CFK-529-A	M–Th 9am–4pm <i>T. Brown</i>	Jun 15–18
-----------	---------------------------------	-----------

NEW! Deep Sea Discoveries

Embark on an undersea adventure and learn about amazing sea creatures and mammals that depend on the sea. Get a taste of chemistry as we test the differences between fresh and salt water. There will be hands-on projects, games, storytime, music, and art.

Total: \$239

CFK-248-B M-F 9am-4pm Jun 22-26
K. Gray

How Do You Dinosaur?

Get ready to travel back in time and uncover the mysteries of prehistoric creatures! You will explore the fascinating world of dinosaurs, fossils, and archeology through engaging crafts, exciting activities, and hands-on learning.

Total: \$239

CFK-520-B M-F 9am-4pm Jun 22-26
M. Giles

Cloudy with a Chance of Science

Does your inquisitive nature have you questioning what you read in books? Can meatballs really fall from the sky? Books ask readers to believe in an imaginary world, but sometimes readers can explore the science within them. Embark on your own quest as you examine the basics of the scientific process, weather, animal classification, pollution, ecosystems, and more while reading Judi and Ronald Barrett's *Cloudy with a Chance of Meatballs* and Dr. Seuss' *The Lorax*.

Total: \$199

CFK-474-C M-Th 9am-4pm Jun 29-Jul 3
E. Talbert

NEW! Ahoy! Treasure Hunters & Pirates

Ahoy, matesy! Set sail for a swashbuckling adventure on the high seas! Through games, movement, and exciting stories, you will learn to move like a pirate, search for hidden treasure, and work together as a ship's crew. Bring your loudest "arrr!" and join the fun, no pirate experience required!

Total: \$239

CFK-538-D M-F 9am-4pm Jul 6-10
Staff Instructor

Zookeeper in Training

Calling all animal lovers! Join us for a one-of-a-kind animal adventure at the Zookeeper Training Camp. Through hands-on activities and imaginative adventures, you'll learn what it takes to care for animals at the zoo. Learn the ins and outs of being a real zookeeper while making new friends, both human and animal.

Total: \$239

CFK-519-D M-F 9am-4pm Jul 6-10
B. Plank

NEW! Little Makers

Join us for a hands-on art and craft class designed especially for you and your curiosity and imagination! Get ready to explore a variety of materials - paper, paint, beads, yarn, nature items, recyclables, and more - as they learn fun crafting techniques and bring their ideas to life. With step-by-step guidance and plenty of room for creativity, you will design colorful projects you're proud to take home.

Total: \$239

CFK-555-E M-F 9am-4pm Jul 13-17
E. Talbert

Welcome to Seussville

Welcome to the whimsical world of Seussville! Join us as we explore the world of imaginative stories and colorful characters created by Dr. Seuss. Through engaging read-aloud sessions, fun activities, and creative projects, students will explore themes of friendship, kindness, and the joy of reading.

Total: \$239

CFK-517-E M-F 9am-4pm Jul 13-17
K. Gray

NEW! Mix & Make

Join us for Mix & Make, a hands-on class where creativity comes to life! You will create fun projects using colors, textures, and everyday materials while exploring the exciting worlds of art and science. Through building, experimenting, and a little messy fun, you will use your imagination to design, mix, and make something brand new each day.

Total: \$239

CFK-544-F M-F 9am-4pm Jul 20-24
B. Plank

NEW! Story Explorers

Hang onto your hat as you explore the wonderful world of stories. Play games, perform story theater, create arts and crafts, and explore a different tale every day. Take a look at different authors from popular series like Mo Willems, Robert Munsch, and Eric Carle.

Total: \$239

CFK-395-F M-F 9am-4pm Jul 20-24
E. Talbert

NEW! Upcycled Art Trash to Treasure

From drink coasters to chandeliers, use your imagination to craft beautiful, economical pieces of art! Weave, paint, cut, wire, and glue CDs, plastic bottles, and other mystery 'trash' items to transform them into colorful, upcycled creations that will bring a smile to you, others, and best of all, the environment!

Total: \$199

CFK-372-C M-Th 9am-4pm Jun 29-Jul 3
B. Plank

NEW! Dishing Up Science

Get ready to mix, measure, and munch your way through science! Dishing Up Science is a hands-on class that will take you through exciting experiments and tasty activities. Learn how ingredients change when heated to exploring the magic of mixing - this class turns the kitchen into a science lab! Along the way, you will build observation skills, practice simple measurements, and understand basic scientific concepts, all while having fun.

Total: \$239

CFK-553-G	M-F 9am-4pm <i>E. Talbert</i>	Jul 27-31
-----------	----------------------------------	-----------

World of Wonders

Have you ever wanted to visit the Eiffel Tower and the Great Wall of China? How about trying South American cuisine? Grab your passport and join us as we explore the world in five days! Experience the various biomes through food, language, and history. Learn the underwater language of marine life, the history and culture of other continents through hands-on activities, and more.

Total: \$239

CFK-392-G	M-F 9am-4pm <i>M. Giles</i>	Jul 27-31
-----------	--------------------------------	-----------

NEW! Cosmic Adventure

Calling all young astronauts! Join us on an out of this world Cosmic Adventure, a space-themed journey that blends science, art, and imagination with hands-on projects, colorful creations, and interactive lessons that make astronomy fun and accessible.

Total: \$239

HEALTHCARE CERTIFICATION

★ CNA Medicine Aide Recertification

This course provides current medicine aides with updated information on drug therapies and safe medication administration that meets the Maryland Board of Nursing continuing education requirements for recertification. Students are required to attend the full eight-hour course (six hours of lecture and two hours of testing) and score a minimum of 80% on the written final exam. Submission of the CMA Clinical Update Verification form by the student’s employer prior to enrollment verifying the following is required. Students are required to have practiced as a CNA for 16 hours, practiced as a GNA for eight hours in a licensed nursing home, and practiced as a CMA for 100 hours in the two years immediately preceding admission to the CMA Clinical Update. Certifications will not be awarded without successfully completing the course. Please bring a stethoscope and drug book to class. Required forms can be found at: hagerstowncc.edu/docs/cma-verification-forms.

NURSING

★ Nurse Refresher Clinical Practice

Successful completion of Nurse Refresher Course I - Classroom Theory and II - Skills Lab are required before participating in this clinical course. The course is designed to provide clinical application of the knowledge and skills gained from the classroom. Students are required to complete 60 clinical hours in a setting with a facility-assigned preceptor. Requirements include an inactive Maryland license, AHA-BLS certification, criminal background check, physical exam, and immunizations. Clinical placements will be coordinated through the Allied Health Program Manager. Due to the limited MBON-approved clinical locations currently affiliated with the college, students may have to wait for a placement to become available. WSCE will make every effort to place students quickly.

Total: \$349 — Senior Total: \$144

NRS-743-L *Staff Instructor* Jun 23–Sep 5

★ Nurse Refresher Course Theory - Hybrid

This course is the first in a three-part series designed for registered nurses to reinstate an inactive Maryland nursing license and consists of a hybrid class with 40 classroom hours and online course work totaling 80 hours of content. Areas of concentration include: delivery of care utilizing the nursing process; medication calculation and administration; adult medical/surgical nursing; as well as current issues, trends, and nursing practices. Students are expected to attend and participate in the online class on a weekly basis for the online component. Successful completion of the course requires an 80% or higher score on four exams and completion of 20 quizzes with an average score of 80%. The required textbook is not included in the cost of the course. There is a mandatory orientation via Zoom on September 8, prior to the class start date. Text: Medical-Surgical Nursing: Assessment and Management of Clinical Problems, 11th Edition ISBN: 9780323551496

Total: \$975 — Senior Total: \$585

PHLEBOTOMY

★ Phlebotomy: Theoretical and Practical Applications

In Phlebotomy: Theoretical & Practical Applications, students learn basic phlebotomy technical background and professional preparation for working as a phlebotomist. Students are introduced to anatomy and physiology with special emphasis on the cardiovascular and lymphatic systems, applicable medical terminology, and an overview of healthcare settings where phlebotomy services are performed. Students learn and apply professional ethics and behavior; interpersonal and written communications, including cultural competency; systems of documentation; and safety and infection control. Students will develop knowledge and comprehensive skills to prepare them to perform venipunctures completely and safely as they progress to practical applications. Hands-on skills practicums prepare students for the clinical course. This program includes both in-class and on-site clinical practice at local healthcare facilities. This program requires study time outside of class and includes both written and practical (hands-on) skills assessments, which must be passed prior to starting the clinical course. The program prepares students to take several national certification exams. Textbook sold separately. Phlebotomy Essentials 978-1-2842634-8-0. Prerequisite: HCE-108 Foundations to Healthcare Careers.

Total: \$1207 — Senior Total: \$656 **S**

Phlebotomy Skills for Medical Professionals

This course is designed for medical professionals, nurses, EMS, and other medical personnel who, as part of their job functions, have to perform venipuncture and collect blood specimens. This course is designed to help medical professionals with a working knowledge of human anatomy and physiology to expand their scope of practice skills. This is not a certification course. Topics include: blood collection and venipuncture procedures, documentation and special handling procedures, preanalytical complications, and a practice component. Submission of proof of clinical practice via a letter of verification on company letterhead from the student's employer is required prior to enrollment in this course.

Total: \$100

BASIC LIFE SUPPORT

BLS Certification

The American Heart Association Basic Life Support (BLS) course is designed to teach a variety of life-saving skills to healthcare providers, including how to provide CPR, how to use an AED, and how to relieve choking in a safe, timely, and effective manner. This classroom course teaches life-saving skills for both in and out of hospital settings. Textbook cost is included in the BLS full course fee. AHA requires each student to have a textbook available before, during, and after the course. Students must pass a written exam and skills test in order to receive an AHA/BLS completion card. American Heart Association guidelines require that classes run within a specified time period. Please be aware that failure to arrive for class on time may result in having to reschedule for a later date. Textbooks are provided in class.

Leadership in the Battlefield - Antietam

Join Down Set Lead facilitator Rod Bourn and a licensed battlefield historian as they guide you chronologically through the Civil War battlefield in a modern coach bus. Stopping at key sites, including Dunker Church and Sunken Road, you'll learn about the events that happened over those days in September 1862, the bloodiest day in American history: who the leaders were, the decisions they made, and why. The group then delves into how those battlefield decisions serve as lessons that can be applied in leading people and making decisions in your organization. A variety of sites and situations will be visited and covered. The coach bus leaves HCC's Main Campus at 8 a.m. and arrives back by 6 p.m. Light snacks and drinks are provided. A mid-day break will provide you with time to grab a bite at a local restaurant with the guides (not included in price). Past participants have described this day as "amazing", "impactful", and "great for building a better understanding within our team".

LEADERSHIP & MANAGEMENT

★ Hagerstown Community College Management Bootcamp - SERIES

This 7-week bootcamp gives managers the skills to lead and supervise a team, as well as learn the basic principles of communication, project management, coaching, human resources, and customer service. This section includes the following seven courses.

Total: \$1351 — Senior Total: \$679

PRD-901-L	TuTh 9am–1pm <i>K. Palmer, S. Wriston, J. Radish</i>	Jun 9–Jul 23 <i>BTC 136</i>
-----------	---	--------------------------------

★ The Significance of Supervision

This course examines the significant role supervisors play in the success and growth of an organization. Students will analyze the skillset of an effective supervisor, as well as the elements of quality supervision. Areas presented include “how-to” topics such as the role of the supervisor in communication, conflict management, managing power and authority, motivating and developing staff, and managing change and transitions in the workplace. This course is designed to meet the needs of students who are new to the role of supervisor and allows seasoned supervisors the opportunity to objectively evaluate the significance of supervision in the workplace.

Total: \$193 — Senior Total: \$97

PRD-895-L	TuTh 9am–1pm <i>K. Palmer</i>	Jun 9–11 <i>BTC 136</i>
-----------	----------------------------------	----------------------------

★ Leadership Skills - The Essentials for Success

This course identifies and explores skills needed to lead yourself first, give direction, delegate, build trust, share power, lead by example, and enable others in an ever-changing world. Students will understand how attitudes, positive mindsets, and leadership ethics play a role in a leader’s success. Participants will discuss and role play everyday leadership situations.

Total: \$193 — Senior Total: \$97

PRD-897-A	TuTh 9am–1pm <i>Staff Instructor</i>	Jun 16–18 <i>BTC 136</i>
-----------	---	-----------------------------

★ Communication Skills for Managers

Communication is key for everyone in the workplace, but particularly for managers and supervisors. Regardless of the industry or work environment, the ability to deliver clear, concise messages in verbal and/or written formats can mean the difference between success and failure. Learn to communicate using various mediums, listen effectively, engage in difficult conversations, and manage conflict.

Total: \$193 — Senior Total: \$97

PRD-894-L	TuTh 9am–1pm <i>K. Palmer</i>	Jun 23–25 <i>BTC 136</i>
-----------	----------------------------------	-----------------------------

★ Project Management Essentials

Have you ever been handed a project and told to “make it happen”, and now you’re wondering how to start? How do you build the best team to accomplish this project? How do you develop a plan if this has never been done before? How do you make sure the project stays on budget and on schedule? This course guides managers through the entire project management lifecycle. Begin by learning to develop a comprehensive plan and effective team. Next, you will explore how to control project schedules, costs, and scope. Lastly, learn to communicate progress and establish relationships with key stakeholders.

Total: \$193 — Senior Total: \$97

PRD-900-L	TuTh 9am–1pm <i>S. Wriston</i>	Jun 30–Jul 2 <i>BTC 136</i>
-----------	-----------------------------------	--------------------------------

★ Human Resource Management, Meaning, and Methods

The importance of human resource management has evolved in the workplace over time. Labor and civil rights legislation and various protections from discrimination in the workplace have added several layers to the processes of recruiting, hiring, performance management, and training. Students will learn how laws have redefined many HR processes. This course is an in-depth survey of those changes and the role of the Equal Employment Opportunity Commission in workplace discrimination investigation and enforcement. This course also examines the importance of proactive workplace harassment prevention policies and training, and the steps to achieve legal terminations.

Total: \$193 — Senior Total: \$97

PRD-898-A	TuTh 9am–1pm <i>Staff Instructor</i>	Jul 7–9 <i>BTC 136</i>
-----------	---	---------------------------

★ Moving from Customer Service to Customer Care

This course explores the behaviors that lead to high customer satisfaction and brand loyalty. Most organizations have a mission, vision, and value statement. Students will examine ways in which company culture embodies, or ignores, the stated values of the organization. Students will learn how to apply the Ritz-Carlton Three Steps to Service, the significance of service recovery, and how to conduct a blameless apology. This course will also suggest and assess ways to reduce customer stress in the post-pandemic world by identifying steps to adjust the customer care model to account for customer anxiety.

Total: \$193 — Senior Total: \$97

PRD-899-A	TuTh 9am–1pm <i>K. Palmer</i>	Jul 14–16 <i>BTC 136</i>
-----------	----------------------------------	-----------------------------

★ Coaching for Improved Performance

The complex work environment calls for managers and leaders to have the skills necessary to lead a workforce of all ages. Coaching is a relatively new strategy that leaders and managers utilize to help individuals focus on improving work performance, learn new skills and take performance to the next level. Skills such as active listening, asking questions, and being a thinking partner set the stage for an effective coaching experience. Participants will discuss everyday work situations to determine ways coaching strategies will be successful.

Total: \$193 — Senior Total: \$97

PRD-896-A	TuTh 9am–1pm <i>J. Radish</i>	Jul 21–23 <i>BTC 136</i>
-----------	----------------------------------	-----------------------------

★ Ethical Decision-Making & Financial Stewardship

This class is one in a series of three designed to empower leaders with the skills and insights needed to navigate complex ethical dilemmas and make principled decisions under pressure. This course focuses on the intersection of creativity, problem-solving, and moral reasoning by emphasizing the development of a strong moral compass. Students will also explore the critical role of ethical financial management in leadership, including learning to collaborate with financial experts, delegate responsibilities while maintaining oversight, and navigate complex budgets and financial priorities. Cornerstone for Women Leaders offers this faith-driven, professional leadership development program which HCC does not endorse or sponsor. Please note: This course is based on providing the participant with a unique perspective about leadership based on lessons or parables from Scripture for instructional purposes only and not to convert or advocate a religious belief. Classes will be held the first Tuesday of the month and are open to all.

Total: \$150 — Senior Total: \$71

CERTIFICATION & LICENSURE

ANIMAL CARE

★ Introduction to Professional Pet Grooming

Start your journey in the world of pet grooming with the first course in our three-part Professional Pet Groomer Training series. In this foundational course, you'll learn the essential skills and knowledge every groomer needs—from mastering tools and equipment to understanding dog anatomy, coat types, and breed-specific grooming techniques. You'll also cover key topics like animal and groomer safety, canine CPR, and proper record keeping. Best of all, you'll get hands-on experience in a real grooming salon! The hands-on portion will take place at Wags to Whiskers Pet Salon, 1675 E. Main St., Waynesboro, PA 17268

Total: \$2188 — Senior Total: \$1720

Pet Grooming for Pet Parents

Unlock the essential skills to keep dogs happy, healthy, and looking their best! Our Pet Grooming for Pet Parents course focuses on basic grooming techniques to bathe, dry, de-shed, and de-mat your precious pup. You'll learn how to conduct basic health checks to promote overall wellness, while gaining hands-on experience with grooming essentials like ear cleaning, nail trimming, and dental care. Perfect for aspiring pet care professionals or dedicated pet owners, this course empowers you to provide top-notch care between grooming sessions with confidence and compassion. Please Note: participants are welcome to bring their own dogs for hands-on grooming practice; however, they do so at their own risk. While every precaution is taken to ensure a safe environment, owners are responsible for their dogs' behavior and well-being during the session. The class will start at HCC and the hands-on-portion will take place at Wags 2 Whiskers Pet Salon, 1675 E Main St, Waynesboro, PA 17268.

Total: \$264 — Senior Total: \$125

PRC-001-L ONLINE: *At your own pace* Jun 1–Aug 14

Developmentally Appropriate Practices

This continuing education course is designed for professionals in the education or child care profession. It provides instruction on developmentally appropriate practices for working with children of all ages and abilities. Topics include national standards, essential components of developmentally appropriate practice, and behavioral strategies to support children's learning and development.

Total: \$80

PLC-824-L ONLINE: *At your own pace* Jun 1–Aug 14

Engaging Children with Remote Learning

Remote learning is here to stay. Now more than ever, teachers and caregivers are engaging children with remote learning and are tasked with helping parents support learning when working one-on-one with their child outside of the online learning environment. Learn effective methods for engaging children of all ages in various forms of online learning and supportive strategies for parents. MSDE Core of Knowledge: 2 hrs CD, 1 hr CC, 1 hr CP, 1 hr SN.

Total: \$104

PRC-095-L ONLINE: *At your own pace* Jun 1–Aug 14

Including All Children & the ADA

This course provides essential information that every child care and education professional needs to know about the requirements of the Americans with Disabilities Act (ADA). Go beyond the definition of ADA to learn inclusionary best practices, strategies, and resources for implementing an early childhood or school-age environment that is inclusive to all children and families.

Total: \$80

PLC-828-L ONLINE: *At your own pace* Jun 1–Aug 14

Nutrition & Active Living

Topics in this course include nutritional needs of all children, promoting healthy growth and development, strategies to inform families on providing nutritional food items, and developing physical games and large motor activities to promote physical growth.

ONLINE TECHNICAL TRAINING

Earn a certificate in these areas of industrial tech:

- **Electronics**
- **Electromechanical**
- **PLC**
- **Robotics**
- **Electric Vehicle Technician**

Build Your Rewarding Career in Technology.

These online technical training certificates were designed by George Brown College in association with some of the top corporate trainers in North America. Each technician certificate program enriches your skills and knowledge in design, programming, installation, operation, maintenance and troubleshooting industrial electronics, robotics, electric vehicles, and PLC equipment. The self-paced distance education alternative provides you with practical know-how and technical skills needed to become more employable and successful in your field.

INDUSTRIAL TECHNOLOGY & TRADES

AUTOMOTIVE TECHNICIAN

★ NEW! Automotive Technician: Engine Design & Performance

Engine Design & Performance is the focus of the second class in the Automotive Service Technician program. Classroom and lab content will cover the four-stroke cycle, describe the function and location of major engine parts, detail engine design variations, and summarize engine size and performance measurements. Lubrication and cooling system components and service, as well as fuel and ignition systems are discussed. This section will also give you the skills needed to properly troubleshoot and rebuild automotive engines. The information presented in this class will help you prepare for the ASE Certification Test A1, A6, and A8. Automotive Technician: Fundamentals (TRD-387) required to participate.

Total: \$808

CONSTRUCTION TRADES COURSES

Construction trades employment is looking better than ever. And thanks to partnerships between HCC, regional trades associations, the Maryland Department of Labor, there are more opportunities to enter the skilled trades.

Pre-Apprenticeship Training – HCC offers pre-apprenticeship training based on a nationally recognized core curriculum that prepares you for employment in the industry. Focus on the core concepts for the trades, including safety, tools, math, blueprints, and communication. Meet with potential employers to prepare for careers in electrical, HVAC, plumbing or carpentry fields. Grant assistance is available to cover the cost of the pre-apprenticeship training.

Registered Apprenticeship – HCC works with trade associations to provide you with pathways into paid apprenticeship employment with area companies. We can help you through the steps to plan your career and prepare for the next Registered Apprenticeship start.

Barr Construction Institute – Offers four-year apprenticeships in a variety of construction trades including Electrical, HVAC, Plumbing, and Carpentry.

Independent Electrical Contractors Chesapeake – Offers a four-year electrical apprenticeship in Hagerstown.

For more information please visit www.hagerstowncc.edu/construction

★ **Construction Trades Core Part II**

Prepare for apprenticeship or employment in the skilled trades such as HVAC, electrical, plumbing, or carpentry. This course completes the core apprenticeship curriculum of the National Center for Construction Education and Research (NCCER), which must be completed before other NCCER courses can be attempted. Topics include basic safety, introduction to construction math, introduction to hand tools, and introduction to power tools. Prerequisite: Construction Core Trades Part I required to complete. (Textbook and OSHA 10 included)

HAZARDOUS MATERIALS

★ Hazardous Materials Endorsement Training

The HAZMAT endorsement course will help you satisfy the FMCSA requirements for Entry-Level Driver Training (ELDT) under 49 CFR. Our online HAZMAT endorsement training is listed under the FMCSA Training Provider Registry and meets the knowledge requirements to test for your endorsement at your state's licensing agency. The online option provides you with a flexible path to adding the endorsement to your current CDL Class A or B license. A Windows or Mac web browser is needed to view the course information.

Investment Strategies Through Options

Options are a little-known method of stock market investment. Find out what options are and how they work during ever-changing market conditions. This class will point out the differences between stock purchase and the powerful reasons to consider options trading. We'll demonstrate the method of building a continuous stream of weekly income through options by paper trading (mock trading) the concepts that are discussed. This interactive class will increase your awareness of stock market opportunities that you may have been missing.

TRAVEL

May Day in Annapolis

Welcome spring at the 71st Annual May Day celebration in Annapolis' Downtown Historic District! Residents and shopkeepers decorate doors, windows, and stoops with beautiful baskets of fresh flowers for the day. Take in the vibrant, fragrant blooms as you stroll through the shops on Main Street, meander the many museums and historic sites, savor the seafood at award-winning restaurants, or admire the art galleries and studios. Consistently ranked one of the nation's most walkable towns, you can enjoy the historic charm and maritime attractions of Maryland's capital on foot or hop on and off the Circulator, Annapolis' free trolley. Registration includes motor coach transportation and gratuities. Departure is from HCC Main Campus.

Total: \$99

TRP-023-K	Th 7:45am–5pm Staff Instructor	May 1
-----------	-----------------------------------	-------

Washington, D.C., Escape

Join your friends as you travel to Washington, D.C., for a day to relax and explore all your favorite museums on the Mall in complete leisure. The motorcoach will drop you off and pick you up at the Smithsonian Castle, allowing for plenty of exploration time in one or more of the historical museums on the Mall or shopping. Departure is from HCC Main Campus.

Total: \$99

SEN-196-M	Tu 7am–5:30pm Staff Instructor	Mar 31
-----------	-----------------------------------	--------

Washington, D.C., Genealogy Research Trip

Spend a full day researching your ancestry at either the Daughters of the American Revolution Library or the National Archives in Washington, D.C. Before the trip, you will have an opportunity to discuss your research goals with the instructor, who will make a recommendation as to which resource would be best for you to visit for the day. Lunch is on your own, but can be purchased within walking distance of all facilities. Registration includes transportation to and from D.C. Departure is from HCC Main Campus.

WHY BECOME A MEMBER?

Joining the David W. Fletcher Incubator & Labs or the Culinary Incubator means more than just access to state-of-the-art facilities—it's an opportunity to immerse yourself in a thriving community of innovators and entrepreneurs. As a member, you'll benefit from:

Collaborative Workspace

Work alongside like-minded professionals in a dynamic environment designed to spark creativity and foster collaboration.

Expert Mentorship

Gain insights from experienced mentors who can guide you through the challenges of starting and growing your business.

Exclusive Events

Attend workshops, seminars, and networking events that provide you with the knowledge and connections needed to succeed.

Access to Resources

Utilize cutting-edge technology, tools, and resources that can give your business the competitive edge it needs.

Growth Opportunities

Whether refining your business model or scaling operations, our incubator offers the support to help achieve your goals.

Community Support

Be part of a supportive community that's dedicated to your success. Share experiences, collaborate on projects, and build lasting relationships with other entrepreneurs.

WSCE POLICIES

Opportunity & Accessibility

See full statement on page 67.

Non-Credit Course Disclaimer

Course and class information listed in the Non-Credit Course Schedule, promotional literature and on the College website are subject to change. The College regrets any discrepancies or typographical errors.

Continuing Education and Workforce Development wants every student to be successful; however, we recognize that a course or training program may not always be the best match for a student. Thus, the College reserves the right to decline a student registration into any career-training course or program where the student has unsuccessfully attempted the same course or training program twice or because of poor performance in the program.

Tuition and Fees

Any Maryland resident 60 years of age or older who enrolls in a Maryland funded course is exempt from payment of tuition but must pay the \$35 fee (or higher fee if indicated in the course description) and any other applicable fees. Tuition does not include any fees or cost associated with a self-supporting program.

All students who enroll in continuing education classes which are not eligible for state funding shall pay full tuition and fees.

All students registering for an open enrollment course shall pay an \$8 registration fee. Checks should be made payable to Hagerstown Community College. There will be a returned check fee of \$35 for checks returned for insufficient funds.

For information about tuition assistance for individuals with disabilities, please call 240-500-2273.

Employer's Tuition Assistance

If your employer is paying for your course, we must receive a purchase order or a letter on company letterhead along with your registration form. The purchase order or letter must state what the employer is paying (i.e. tuition, material fee), your name, and the course(s) in which you are enrolling. Registrations will not be processed without this paperwork. If the employer is paying for your textbook, a separate letter or purchase order must be submitted to the Bookstore at the time of purchase.

Admissions

Anyone 16 years of age or older is eligible for admission (unless specified otherwise).

Birthdate and Social Security Number

Your social security number and birthdate are requested on our registration form for use as student identification numbers to help us avoid duplicating records and mailings. It is for internal use only and remains confidential. Your birthdate is required by the Maryland Higher Education Commission.

Course Cancellations

Each non-credit class requires a minimum number of enrollees to run. The decision to hold or cancel a class is made, in most cases, three business days prior to the start of the class. The college, however, reserves the right to cancel a class at any time due to unexpected circumstances. In these events, students will be notified via phone and/or email.

Refund Policy

- **Course Cancellations:** 100% refund will be issued for any course the College cancels.
- **Before Course Begins:** Course withdrawals and requests for full refunds may be made up to 24 hours before the course begins by calling Continuing Education at 240-500-2236. Some exceptions may apply and will be noted in the course description.
- **After Course Begins:** Refunds are not awarded after a course has started.

The above refund policy does not apply to College for Kids and Cultural Day Trips. Call 240-500-2236 for College for Kids and trip refund information.

Use of Cell Phones During Class

Cell phones should be turned off or set to silent when class is in session. Calls must not interrupt the class. If students have to make or take calls on an emergency basis, please step out of the classroom to do so in order to minimize the disruption.

Parking — see page 67

Emergency Closing

In case of severe weather or other emergency conditions, you should check HCC's website (www.hagerstowncc.edu) or Facebook page (www.facebook.com/hagerstowncc).

We will not necessarily close when the public schools do. When the public schools are closed due to weather or emergencies, all classes at public school locations are cancelled. When the college closes, all classes at off-campus sites are canceled.

Classes canceled due to inclement weather or emergencies will be made up.

Non-Credit/Credit Shared Courses

Selected courses may be taken for either academic credit or a non-credit basis. Should the student desire to transfer from non-credit to credit, the student must transfer by the second week of class. In order to transfer from non-credit to credit, the student must first drop the course through Continuing Education and then register in the Registrar's office. Students who have completed the non-credit course will receive a Certificate of Completion but will not be awarded college credits and may not earn college credit for the credit course by exam.

Certificate/CEU Information

Students do not receive grades for Continuing Education courses. Some non-credit courses offer Continuing Education Units (CEUs). You must inform the instructor if you need CEUs.

Code of Student Conduct

Hagerstown Community College has established rules of behavior that must be followed so that the teaching/learning process is not disrupted. A copy of the student handbook is available in the Student Activities Office.

Smoking Policy

Hagerstown Community College is committed to providing a safe and healthy working and learning environment for students, faculty, staff, and visitors. Effective January 1, 2015, HCC will be a tobacco-free campus. The Tobacco-Free Policy applies to all Hagerstown Community College facilities and vehicles, owned or leased, regardless of location. Smoking and the use of tobacco and e-cigarette products will not be permitted on any HCC property, including all buildings and facilities, walkways, recreational and athletic areas, building entrances, and parking lots. This policy applies to all students, faculty, staff, and other persons on campus, regardless of the purpose of their visit. To learn more, visit www.hagerstowncc.edu/tobaccofree

ed2go Online Course Registration Information

Online courses offered by HCC can be attended based on your personal schedule, day or night. New classes start on the second Wednesday of each month with two lessons posted each week. Print the online registration form and forward it along with your payment to Hagerstown Community College, Continuing Education Registration. Questions? E-mail us at online@hagerstowncc.edu.
