III. Discussion Topics:

1. Watermark Curriculum Strategy Pilot for March and April

We are now piloting the Watermark Curriculum Strategy software with our piloting divisions (Business & Technology and Mathematics & Science Divisions). The Developmental Education and Adult Literacy Services Division will be piloting as needed only to approve the removal/addition of developmental requisites on New Course and Course Modification Proposals. A Watermark Curriculum Strategy End-User Manual has been distributed to divisions and linked on the Curriculum Development & Review webpage, as well as the Curriculum Strategy home page. The software will be used by all seven divisions starting the FY27 cycle.

2. Next Meeting: March 6, 2026 at 2:30PM in STC-182

The March meeting is the last meeting for programmatic changes (Program Modification Proposals, Program Inactivation Notifications, and New Program Notifications)
