

11400 Robinwood Drive • Hagerstown, Maryland 21742-6590 • 240-500-2238 • www.hagerstowncc.edu

Admission to HCC does not guarantee admission to the Radiography Program. The program is a selective admission program.

- Apply for admission to HCC (www.hagerstowncc.edu/admissions).
- Submit official transcripts from all colleges attended by the program application deadline (Feb 1st). HCC calculates cumulative GPA from all colleges attended as part of the scoring process (students who took classes at HCC do not need to submit official HCC transcripts). All transcripts must be complete and show grades or outcomes for each class taken or the status of in-progress for classes that are in-progress at the program application deadline.
 - o Submit official AP scores if using these scores to meet one of the General Education requirements.
 - o Foreign-educated students must have their college transcripts evaluated by World Education Services (WES).
- Start your General Education/Prerequisite classes.

The requirements below must be completed and submitted to the Admissions Office by the application deadline (Feb 1st).

1. A completed Radiography Program Observation Form showing 8 hours of observation. Forms are only good for one application cycle. Observations must be completed between June 15th and December 15th.
 2. Submit the *Supplemental Application for Radiography* for the year you are applying.
 3. Complete the TEAS test by the program application deadline (Feb 1st) with minimum scores of 60% Overall, 69% in Reading, 65% in science, and a 65% in Math. Official scores must be submitted to the Admissions Office (students who took the TEAS test at HCC do not need to submit an official copy but are asked to bring a copy of the scores or email the scores to the Admissions Office). TEAS scores are valid for 3 years. An explanation of the TEAS test can be found at www.hagerstowncc.edu/teas.
 4. Applicants must have BIO 116 completed at the program application deadline (Feb 1st). Also, it is strongly recommended that the following courses are completed at the program application deadline: an Arts/Humanities Elective, ENG 101 - English Composition, MAT 114 - Introduction to Applied Algebra, and PSY 101 - General Psychology. If these courses are not completed, they must be in-progress at the application deadline. Students receive more points towards the program if all of these courses are completed by the program application deadline.
 5. Attend a Radiography Information Session. HCC hosts four sessions each year (one in the spring, one in the summer, and two in the fall).
- Completion of all required science courses and HIM 102 – Medical Terminology within five years prior to the application deadline to the program is required.
 - A minimum cumulative grade point average for all college coursework of 2.0 on a 4.0 scale is required. In addition, a minimum grade point average of 2.5 for all program-required general education courses. While this is the minimum requirement, it is advised that students have the highest-grade point average possible for the best chance of being selected into the program.
 - A grade of “C” or higher is required for all program required general education courses. “D’s” and “F’s” must be retaken and completed before applying for the program. While this is the minimum requirement, it is recommended that students obtain the highest grade possible in each class.

The Radiography program is a Maryland Health Manpower Shortage program. All students who apply for this program must be eligible to work in the State of Maryland at the application deadline and throughout the program.

Radiography Program – 69 Credits (19-23 General Education + 50 Radiography)

General Education Requirements and Prerequisites

Arts/Humanities	3 credits	Prereq: Various
PSY 101 (General Psychology)	3 credits	Prereq: RDG 095
BIO 116* (A&P for Allied Health)	4 credits	Prereq: RDG 095
Diversity	3 credits	Prereq: Various
MAT 114 (Intro. to Applied Algebra)	3 credits	Prereq: MAT 090
ENG 101 (English Composition)	3 credits	Coreq: RDG 095 and/or ENG 095
19 credits total		

*Students can opt to take BIO 203 (A&P1) and BIO 204 (A&P2) in place of BIO 116. Please see the catalog for prerequisite information. This option would increase the overall General Education credits from 19 to 23. Additionally, please note that BIO 203 must be completed and BIO 204 must be completed or in progress at the application deadline.

**HIM 102 – Medical Terminology can be completed prior to starting the program, but must be within 5 years of the application deadline.

Required Radiography Courses (2 years to complete)

Apply by February 1 for Summer Entry

<u>Year 1</u>		<u>Year 2</u>	
<u>Summer Semester 1</u>		<u>Summer Semester 4</u>	
RAD 101	2 credits	RAD 200C	4 credits
RAD 103, RAD 103L	3 credits		
RAD 109, RAD 109L&C	3 credits		
<u>Fall Semester 2</u>		<u>Fall Semester 5</u>	
RAD 102	2 credits	RAD 205C	4 credits
RAD 104, RAD 104L	3 credits	RAD 202	2 credits
RAD 106C	2 credits	RAD 215	3 credits
HIM 102**	3 credits	RAD 230	2 credits
<u>Spring Semester 3</u>		<u>Spring Semester 6</u>	
RAD 105, RAD 105L	3 credits	<i>Advanced Modality Considerations: MRI, CT, Mammography</i>	
RAD 108C	2 credits	RAD 201	3 credits
RAD 111	3 credits	RAD 211C	4 credits
		RAD 203	2 credits
