

Maryland Health Care

Community Free Clinic

249 Mill Street

Hagerstown, MD 21740

(301) 733-9234

www.cfcwc.com

Mon- Fri, 8:30AM-4PM, closed 11:30AM-12:30PM for lunch

Nurse Clinic: Mon-Fri, 1-3PM

Serves medically uninsured by offering free primary medical care and limited prescription medications. Also provides free gynecological care, birth control measures, pregnancy testing, and STD testing. Mental Health care and medication monitoring are available with a clinic referral from the primary care provider.

Tri-State Community Health Center

130 W. High St.

Hancock, MD 21750

301-678-7256

<http://www.tschc.org/index.html>

Offers a wide range of general, primary care and health maintenance services, CLIA-waived diagnostic laboratory services and other diagnostic tests and screenings, family planning, urgent medical care, after-hours coverage, immunizations, HIV testing, gynecological care, mental health treatment and counseling, developmental screening, vision screening, hearing screening, oral health screening, health education, transportation, translation and case management services. Although, the primary target population for Tri-State Community Health Center is low-income, uninsured and underinsured individuals and families, we serve all patients with and without insurance.

Family Healthcare of Hagerstown *(formerly Walnut Street Community Health Center)*

201 S. Cleveland Ave.

Hagerstown, MD 21740

301-745-3777

Fax: 301-393-3459

<https://familyhch.org/>

Provides primary care, dental care, and mental health services (including both therapists and psychiatrists) to individuals and families of all ages, races and economic backgrounds. Family Healthcare is a participating provider with most major insurance companies and HMOs, Medicare and Medicaid. We also have a Financial Assistance Program for all patients regardless of inability to pay and offer a Sliding Fee Discount based on family size and total family income.

Hagerstown Community College (HCC)

Dental Education Clinic

11400 Robinwood Drive

Hagerstown, MD 21742

Career Programs Building,

Lower Level – Room 128A

Parking Lot F
240-500-2569
Fax: 240-500-2691

<http://www.hagerstowncc.edu/academics/divisions/health-sciences/dental-clinic>

The Dental Education Clinic provides high quality, affordable dental hygiene care. Patient volunteers are cared for by Hagerstown Community College dental hygiene students, under the supervision of registered dental hygienists with advanced educational degrees and a supervising dentist, for a small materials fee. Because the clinic does not accept insurance plan payments, it is a great alternative for those who do not have dental insurance coverage or who desire preventive care beyond what their plan provides.

Maryland Health Connection

1-855-642-8572

<https://www.marylandhealthconnection.gov/>

Maryland state's official health insurance marketplace where you can compare and enroll in health insurance, and access financial help to make coverage more affordable.
